

ACCOLADE - Dashboards using QlikView

How to add a dashboard link in Accolade for WEGO

1. From the **Process** menu, select **Configuration > Global Links**.

2. You can:

- **Add a new global link** - Click **Add New** in the bottom right corner of the page.
- **Edit an existing global link** - Click next to the link to edit.

Global Links	
Title	<input type="text"/>
Link	http:// <input type="text"/>
Menu	<input type="text"/>
Embed	<input type="checkbox"/>
Landing	<input type="checkbox"/>
Roles	<div style="border: 1px solid #ccc; padding: 5px;"> Select Options x <div style="border: 1px solid #ccc; padding: 2px; margin-top: 2px;"> ✓ Check All ✗ Uncheck All </div> <ul style="list-style-type: none"> <input type="checkbox"/> Decision Maker <input type="checkbox"/> Planner <input type="checkbox"/> Process Manager <input type="checkbox"/> Process Designer <input type="checkbox"/> Project Leader <input type="checkbox"/> ... </div>

i Production Server : **qlikview**
 Simulation Server : **wdcqvap21**

3. Complete the following information about the link:

Field	Description
Title	<p>Example: Innovation Portfolio Balance and Value</p> <p>Enter a name, up to 64 characters long, that identifies the global link. This text is also displayed above the linked page if the page is embedded.</p>
Link	<p>Example: qlikview/QvAJAZfc/opendoc.htm?document=innovation_portfolio_balance_and_value.qvw&host=QVS%40wdcqvat21</p> <p>Production Server : qlikview</p> <p>Simulation Server : wdcqvap21 (for simulation data and production data for the PROGRESS Dashboards)</p>
Menu	<p>Dashboards when is related to the Production Dashboards</p> <p>Dashboards in Progress when is related to the Production Dashboards but in PROGRESS in the Simulation Server</p>
Embed	<p>Check Box not selected</p> <p>Select this check box to display the linked destination within the Accolade application window. Clear the check box to open the linked page in a new browser window or tab.</p>
Landing	<p>Check Box not selected</p> <p>Select this check box to display the linked destination first for the users with the selected role, instead of the users' Home pages.</p> <p>If a role has more than one link defined as a landing link, Accolade displays the first landing link in the list of global links.</p>

Roles	<p>The Dashboard Menu The Key User (Verstraeten, Roger) defines the roles.</p> <p>The Dashboard in Progress normally there is only the role of Administrator selected</p> <p>Select one or more user roles for whom the global link displays.</p> <p>Users who are not assigned the selected roles do not have access to the global link in the menu, and the content of the link within a pod in a layout does not display.</p>
--------------	--

4. Click **OK** to save your changes, or X in the upper right corner to exit without saving.

To change the order that added menus display from left to right in the Accolade menu bar, display the Global Links Configuration page (**Process > Configuration > Global Links**), select a link description, and drag and drop it to its new location in the list.

Notes:

- To delete a global link, display the link in the Global Links Configuration page (**Process > Configuration > Global Links**) and click next to the link to delete.

WEGO Dashboards in Global Links of Production System

Title	Link	Menu	Roles
