

Quote Status Change

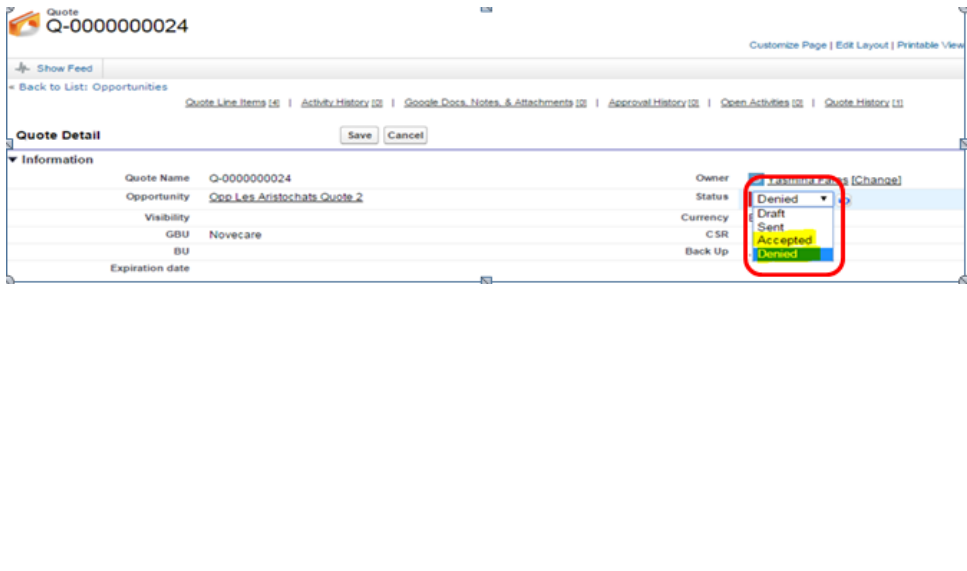

Overview

Most of the time, the customer agreement is received by email or phone. The user will then have to update the Quote status and put an accepted or denied value.

Step By Step

<p>1. If the Quote is rejected, the user enters the denied value in the status field and the process ends.</p> <p>If the quote is accepted, the user updates the status and an automatic email notification will go to the CSR specified in the CSR field.</p> <p>Quotes accepted with a "Price validity to" in the past will be automatically set to the "Inactive" status.</p> <p>The CSR will then create the order in SAP after receiving the purchase order document.</p> <p>The notification user when an order is created for a specific quote can be done by the CSR through notes or chatter if needed.</p>	
<p>2. If the Quote is accepted, user updates the status and an automatic email notification will go to the CSR specified in the CSR field.</p> <p>Note that to be set the status <<Accepted>>, at least one of the quote line items must be flagged as accepted.</p>	<p>Quote Line Item Detail</p> <p>Quote Q-0000000983</p> <p>Product ABEX AP 235</p> <p>Other Product name</p> <p>Minimum order quantity <input type="text"/></p> <p>Packaging</p> <p>Payment terms 30 Days</p> <p>Specific Payment Term</p> <p>include in Reporting / Accepted <input checked="" type="checkbox"/></p>
<p>3. The user can now fill the Agreement section of the quote:</p> <p>This section is relevant for GBU which will not use the contract object. If the quote itself is regarding as an agreement:</p>	<p>▼ Contract Informations</p> <p>Agreement status</p> <p>Expiration Notice</p> <p>Expiration Notice before 14/09/2017</p>
<p>4. In the 'Agreement Status', Fernando can set "Send/Signed" to track the status.</p>	<p>▼ Contract Informations</p> <p>Agreement status</p>

<p>5. "Expiration Notice before" indicates the greater dates of:</p>	<p>Price Validity to 14/09/2017</p> <p>Volume validity to 01/09/2017</p> <p style="text-align: center;">↓</p> <p>Expiration Notice before 14/09/2017</p>
<p>6. "Expiration Notice" allows the user to set an automatic reminder (task) X days before the 'Expiration Notice before' value.</p>	<p>Expiration Notice</p> <div style="border: 1px solid #ccc; padding: 5px;"> <p>—None— ▾</p> <p>—None—</p> <p>15 days</p> <p>30 days</p> <p>45 days</p> <p>60 days</p> <p>90 days</p> </div>
