

How to work in Kanban

Miro offers a variety of **Templates** to help you boost your workflow and give a quick start to any project.

One of them is called "Kanban". You can use this to follow up on actions and projects tasks.

To **add a Kanban template** to your board click on the + button on the Toolbar and choose "Templates".

[blocked URL](#)

Look for **Kanban Framework** and click on "Add"

Manage your work visually with the Kanban interactive template.

Customize it to build your own workflows from a simple to do list to complex scrum framework board!
