This amount should be divided by 12 to have the amount of the recurring entry to post on "n" (in this case for 2020 the amount should be 3.771, 52)

But first ask belen.fernandez@solway.com if she has an estimation for year "n" or if you should move on with amount of year "n-1"

Send an e-mail to belen.fernandez@solvay.com. As a general rule and in case she does not have any new notification of increase of this amounts we take the real amounts from year n-1, divide by 12 months and update with Spain expected IPC for year n. To know the IPC price update go to link [IPC Price Update](#).

To check the amounts for year n-1 look at the line items in n-1 of the Order associated to each line you want to fill in the recurring entry. It is important to use SAP Transaction Z1K_DETAIL.
