

KLAXOON - Get started

[blocked URL](#)

KLAXOON is a teamwork-focused set of activities to interact with your team, obtain feedback and make decisions.

Votes, challenges, word clouds... give the floor to all attendees, visually organize the ideas together, collectively identify and solve problems. Together in a room or from a distance, bring the group together with participative, agile and efficient meetings.

Klaxoon propose several type of activities to animate your sessions:

- [Activity: Brainstorm](#)
- [Activity: Survey](#)
- [Activity: Quiz](#)
- [Mission & Adventure](#)
- [Live questions](#)

Activity: Brainstorm

[blocked URL](#)

Create a virtual whiteboard on which participants can post ideas in the form of text, photos, or drawings.

The brainstorm offers various annotation and classification options for numerous uses such as:

- Creative meetings
- Drawing up action plans
- Producing individual or group to-do lists
- Debriefing or feedback

Activity: Survey

The survey is a series of 1 to 20 questions that may be used to:

[blocked URL](#)

- Gauge participants' opinions
- Assess their level of knowledge
- Ask questions about a topic

6 types de questions are available:

Mission & Adventure

A Mission is a sequence of 1 to 10 steps enabling participants to explore content independently in a fun environment.

[blocked URL](#)

Each step consists of an activity – Quiz, Survey, or Capsule.

[blocked URL](#)

To encourage competitiveness, a participant leaderboard appears by default but may be disabled if required.

Live questions

Live Questions allow you to ask participants questions in a Meeting.

[blocked URL](#)

There are 3 types:

- Vote

Participants answer a survey question:

Poll: single choice question from a maximum of 4 possible answers

Rating: score out of 5 stars

Yes/no: Question from 2 possible answers

- Challenge

Participants must enter a word or number in response to a "find the word" -type question. Minor keying errors are allowed.

The first participant to enter the correct answer wins the challenge

- Storm

Participants enter keywords in response to a question or topic. These words are displayed as a list or 'word cloud' displayed live on the dashboard.
