

Material data description and extraction from SAP

The requirement is to extract the data as maintained in the material master record.

[blocked URL](#)

Reference Ticket Number -<https://sbs-support.solvay.com/a/tickets/4507110>

SOLUTION:

There is no provision in SAP to download the text which contains more than 128 characters using queries, this is the limitation in SAP.

However we have custom program available to download the full text but format may not be user friendly.

Please follow the below steps:

Transaction ZZMCTEXT

Please give data as below and click on execute icon.
