

# Embed an "Awesome table" in a Solvay ONE Editorial

## Overview

An "Awesome table" is a way to display a Google spreadsheet with advanced functionalities.

Create, manage and get some more info about it from the dedicated website: <https://awesome-table.com/>

This article describes the procedure to embed it into a Solvay one page.

**Pre-requisite:** you must have permissions on the needed "Awesome table". If you do not, but can access a Google site using it, please follow this article: [Get an "Awesome table" embed code from a Google site.](#)

### Step 2: on Solvay ONE side, Insert the code at the right place

1. Reach the Staging page of Solvay ONE where you need to insert the table.

2. Position in the rich text and from the menu toolbar, click to insert "External Contents" > **Embed Code**.

3. Copy the iframe HTML code of the awesome table.

Paste into the embedded code window.

You can do a preview of the embedded code by clicking on Refresh button.

#### Info

It is recommended to have the style **width: 100%** for a better display.
