BIARRITZ

What is BIARRITZ?

Biarritz is used as a SBS worldwide Project Portfolio Management (PPM) tool which is able to provide ... the necessary transparency on projects and project portfolio in order to support decisions to be made for all SBS projects >20k€ need to be entered in the PPM tool Accolade.

For projects <100k€ a simplified model will be provided. In total it is foreseen that on a yearly base 500-700 projects will be created in Accolade.
