Step-By-Step

Step 1 -Request Access PIM

Request access to the GBU/Function PIM Champion

[List here](#)

Password requirements

The first time you will get asked to changed your passsword. Please follow Solvay requirements in password strength.

- Minimum length is 12.
- The password must contain at least
 - one of the upper case
 - one lowercase
 - one number
 - and one special character.

Step 2 -Log into PIM (You MUST be connected to VPN before)

<https://pim.solvay.com/>

Production environnement

<https://pim-qa.solvay.com/>

Quality environnement (for users to train editing data)

<https://pim-dev.solvay.com/>

Development environment (for developers)

WARNING - If you are using a chromebook

ContentServ current version is not yet adapted for chromebook.

Until this is updated, a chrome extension needs to be used.

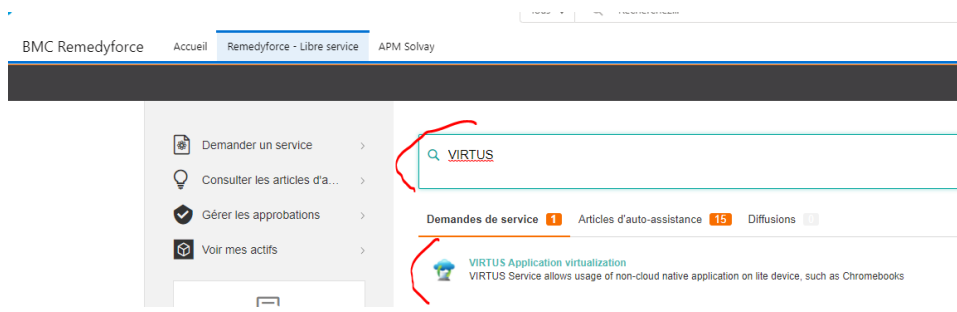

Steps: download extension (solvay approved) >[\(link\)](#).

If this does not work, use VIRTUS (VIRTUS Service allows usage of non-cloud native application on lite device, such as Chromebooks)

[\(link explaining VIRTUS\)](#)

If you cannot access VIRTUS, you can request it here

[link to Remedy to request VIRTUS](#)
