Invoicing >> Next OP*

# 1. Objective and Scope

## 1.1. Objective of this Operation

The objective of this document is to explain the main concepts behind the Residual Sodium Chemicals (RSC/PSR) invoicing.

We need to invoice the PSR treatment and transport in the 1st day of the month. This process has to be completed until 12H Italian time because the majority of the customers are public institutions owned by the state, very bureaucratic and they need to receive the invoice for verification and payment early in the month.

Known in italian as "PSR - Prodotti Sodici Residui" this procedure exists to ensure a good understanding of the different contracts and how to calculate the amounts to be invoiced every month end.

**NOTE:** This contains confidential information and we should not disclose any information or working files to the costumers.

## 1.2. Scope

This procedure applies to Italian company 0270 Solvay Chimica Italia. Deadline every D1 until 11H PT time.

## 2. Definitions

See Finance Glossary:

- PSR - Prodotti Sodici Residui in italian.
- RSC - Residual Sodium Chemicals in English.

## 3. Tasks description

### 3.1. Responsibilities

- Local team > Luca Pelagatti / Marco Sardi / Luca del Rio responsible for the sharing of the contracts and the activity of the month to be invoiced.
- Accounting Platform > Will perform the analysis, update and calculation of the monthly invoicing.
- SU FAC Intero > Will perform the invoicing whenever necessary ensuring all master data creation, share it with the customer and submit the electronic invoice.

### 3.2. I understand what is PSR treatment and transport Invoicing

"Solval® operates the first recycling plant for RSCs from waste-to-energy facilities. The facility is in Rosignano and near Solvay's legacy soda ash plant in Italy, which uses the purified brine produced by Solval as raw material to produce soda ash."

For more information about this market access the following link: <https://www.solvaisolutions.com/en/who-we-are/services/recycling-services>

This plant is part of SOLVAY CHIMICA and is responsible to treat and transport the waste on site for which we charge a fee to the costumers for the service and has two production lines:

1. One more general where the residues are treated for customers:

Customer name	Location	SAP Customer	
AMBIENTHESIS (ECOITALIA / REA DALMINE)	Dalmine	420783	AMBIENTHESIS SPA
A2A MILANO A2A BERGAMO	Milani Bergamo	414909	A2A AMBIENTE SPA
CHIMET	Arezzo	402126	CHIMET S.P.A.
HERAMBIENTE HERAMBIENTE HERAMBIENTE HERAMBIENTE	Modena Coriano Ferrara Forli	424148	HERAMBIENTE SPA
ACSM-AGAM	Como	423621	ACSM-AGAM AMBIENTE S.R.L.
TRM	Torino	424162	TRM SPA
IREN	PIACENZA	424165	IREN AMBIENTE S.P.A.
IREN	PARMA	424165	IREN AMBIENTE S.P.A.

2. Another line dedicated to a specific customer that has two plants but only one is active:

Customer name	Location	SAP Customer	
MARANGONI SPA	Anagni & Rovereto	406814	MARANGONI S.P.A.

How are we working today?

We receive the deliveries of waste followed with a certificate, with all the information mandatory to the transport like delivery date and time, code, quantity and final destination and if there is an intermediate. Sometimes we are also intermediates.

For each customer there is an agreement, these agreements are revised and re-negotiated not only when they expire but from time to time changes occur during the year that will be duly communicated. The contracts have different conditions and we need to pay attention to the different details (like is transport price, should we apply a discount, penalties, text to apply in the invoices...).

You will find the resume in the following table:

cliente	località	tons Contratto	BF	trattamento		trasporto			validità contratto		pagamento		NOTE
				1° fascia	2° fascia	singolo	comb.	trasportatore	dal	al	(giorni)	banca	
HERAMBIENTE	Coriano	600/y		% ins. 0 - 5 177,20	vedi NOTE	910,00	610,00	Pigliacelli	01/05/19	30/04/21	60 + 5	CC dedicato	per il superamento del lim fascia di ciascun sito si a una maggiorazione di 3,50 per ciascun punto %, o fra punto, per la quota par insolubili che supera il li fascia. Aumento di prezzo al 1/5/2020
	Modena	2500/y	% ins. 0 - 12 170,50	vedi NOTE	665,00	465,00	Pigliacelli						
	Forlì	260/y	% ins. 0 - 12 184,60	vedi NOTE	795,00	586,00	Pigliacelli						
	Ferrara	640/y	% ins. 0 - 12 181,00	vedi NOTE	718,00	568,00	Pigliacelli						

\\TROSFS01\Groups\Solva\IMPIANTO\PSR DA FATTURARE X MESE\tabelle prezzi\ CONTRATTI\_PSR\_2012-21

Another important remark is about the transport, we have two types of transport, one where we just pick up the residues to the costumers and another combined when we use the same truck to deliver the final product and pick up the residues. The result is two different prices.

You will find the resume in the file "Ripartizione costi Trasporto PSR" (look for the sheet with the most updated figures)

Contributo BIR €/viaggioCombinato		Quota Trasporto estrapolata da Trattameto €/viaggio	
da mettere in "TPT CARS[...]" come costo negativo		da contabilizzare internamente come trasporto per i clienti che hanno il prezzo col trasporto incluso	
		Combinato	Espresso
HERA Coriano	€ 168,22	€ 610,00	
HERA Modena	€ 117,86	€ 465,00	
HERA Ferrara	€ 181,08	€ 568,00	
HERA Forlì	€ 155,36	€ 568,00	

\\TROSFS01\Groups\Solva\IMPIANTO\PSR DA FATTURARE X MESE\tabelle prezzi\ Ripartizione costi Trasporto PSR

### How do you know the prices to apply in the monthly invoicing?

You will receive from the plant this information, a resume file with activity of the month. In this case each "Formulario" represents one trip with reference to the treatment "1ª fascia" or "2ª fascia" and transport "Combinato" or Espresso".

To determine the Transport amount we need to multiply the number of trips, each "Formulario" by the price agreed with the customer and present also in the virtual folder.

### There is one last step...

As the plant has two main business, the residues business and the sale of sodium bicarbonate we split the price in two parts, one part is charged to the sodium bicarbonate business another part to SOLVAL business (you can take the example below: column K and L and with the sum of both we will obtain column H). This split is useful to reverse the benefit of this combined transport to the Solval Business every end of the month (reference TPT CARS).

File location: \\TROSFS01\Groups\Solva\IMPIANTO\PSR DA FATTURARE X MESE\tabelle prezzi\ Ripartizione costi Trasporto PSR - sheet Tabella Prezzi Gen2018

For this we need to calculate the contribution, for example, customer IREN – TRM Torino we have applied a price of 985,15 EUR for combined transport; for the sodium bicarbonate business we are charging 559,45 EUR (column K) and Solval is paying 425,67 EUR (column L). At the end of the month for each transport, the sodium bicarbonate business will give to Solval the difference between the normal transport of only “BICAR espresso” (column I) and BICAR combined price “BICAR Combinato” (column K).

This difference is showed in the resume file sheet TRANSPORT where we already did the highlight of amount calculated - 183,15 for each delivery.

expired		
	Contributo BIR €/viaggioCombinato da mettere in "TPT CARSI[...]" come costo negativo	
HERA Coriano	€	138,52
HERA Modena	€	10,36
HERA Ferrara	€	146,44

ACSM Como	€	111,55
AJA Ambiente - Milano	€	76,92
AJA Ambiente Bergamo	€	78,98
Marangoni SpA Rovereto	€	105,65

Whenever there is an update, a new sheet is add with the most recent calculations like below:

In corso di validità				
	Contributo BIR €/viaggioCombinato da mettere in "TPT CARSI[...]" come costo negativo		Quota Trasporto estrapolata da Trattameto €/viaggio da contabilizzare internamente come trasporto per i clienti che hanno il prezzo col trasporto incluso	
			Combinato	Espresso
HERA Coriano	€	168,22	€	610,00
HERA Modena	€	117,86	€	465,00
HERA Ferrara	€	181,08	€	568,00
HERA Forlì	€	155,36	€	586,00

To ensure you are fully autonomous and that you have access to all the information please see the documentation available in shared drive \\TROSFS01\Groups\Solva\IMPIANTO:

- Select folder PSR DA FATTURARE X MESE\tabelle prezzi and inside you will find two files “CONTRATTI\_PSR\_2012-21” with the detail about all contracts and “Ripartizione costi Trasporto PSR” with the detail about the transport.
- Select folder Stima\_PSR\_Cake\_Salamoia, then folder Linea 1 file “DR04-YYYY PI” and Linea 2 file “DR04-YYL2” to check all the details of the treatment/transport that occurred during the month for the two production lines;
- Select folder Intermediazione PSR, then select file “Intermediazione” to see the details.

### 3.3. I prepare the invoicing

To facilitate the work and the calculations, we have compiled all the information in one single file that serves as the base for the invoices preparation.

It is compose by:

INSTRUCTIONS	DATABASE	ZZF_POSTING_FILE	RESUME	TRANSPORT	PSR Contabilità	PIGLIACELLI+VACCARI	INTERMEDIAZIONE	AMBIENTHESIS	A2A	CHIMET	HERA	ACSM AGAM	TRM.IREN	MARANGONI
--------------	----------	------------------	--------	-----------	-----------------	---------------------	-----------------	--------------	-----	--------	------	-----------	----------	-----------

- INSTRUCTIONS to support the checks and the invoices to be issued;
- DATABASE composed by general information with the location of the files (main drive \\TROSFS01\Groups\Solva\IMPIANTO) and the customer data.

**IMPORTANT to follow the guidelines** by costumer and should be updated whenever we are informed about any changes:

Accounting scheme and relevant information that should be added in the text of the invoice. Fully automated with the calculations below.

#### NOTES AND CALCULATION

##### AMBIENTHESIS (ECOITALIA / REA DALMINIE)

Contract validity 01/01/2021 - 31/12/2021  
Payment terms 60 + 5 days

Credit manager checks punctuality of payments on a quarterly basis. For each invoice paid on time Credit Note equal to 4,00 Eur / ton should be issued. Checks to be done in the months; March, June, Sept, Dec 2021; January.

PRICE per ton to apply according to contract	0 - 1000
1° Fascia	0 - 13 210,00
2° Fascia	13 - 18 253,00

TRANSPORT price to apply	Pigiacelli
Singolo / Espresso	950,00
Combinato	500,00

PRICE per ton to apply according to contract	> 1000
1° Fascia	0 - 13 -
2° Fascia	13 - 18 -

All the details available about the contract currently in place. To edit manually whenever we face updates in the contract with the customer.

00270 - HERA Group: New Contract Numbers and CIG from 1 Jun 2021

Pelagatti, Luca <Luca.Pelagatti@solvey.com>  
to Rtr-interco, Ana, me, Rodrigo ▾

Hi everybody,

We have just renewed the global contract with HERA and we have now updated the text on the top of the invoices for each Hera Plant. The texts remain the same except for the Contract Number and the CIG number that identify the service of each plant of the group.

The old text is like that:

CIG - 7917440E2A  
procedimento online SRM nr. 1913002862

Here are the new numbers for the new texts:

CORIANO  
CIG - 8787706466  
Contratto nr. 2170101676  
procedimento online SRM nr. 2115001993

MODENA  
CIG - 8787066441  
Contratto nr. 2170101674  
procedimento online SRM nr. 2115001993

FERRARA  
CIG - 8787754C00  
Contratto nr. 2170101677  
procedimento online SRM nr. 2115001993

FORLÌ  
CIG - 8787679E1B  
Contratto nr. 2170101675  
procedimento online SRM nr. 2115001993

Please update the template accordingly and issue the next invoices with this new information.  
I remain available in case any clarification is needed.

You may also receive a request to perform an additional credit note or invoice; something similar to:

00270 - **Extra cost** Ambienthesis 8 Oct 2021 - 11 Oct 2021 ➤ Inbox x

**Pelagatti, Luca**

10:45 (1 hour ago)

to Rtr-interco, me, Ana, Rodrigo ▾

Hi everybody,

please invoice these extra costs to Ambienthesis in a dedicated invoice and load on SDI + send by email. Thanks.

TEXT

Costi Sosta per anomalia radiometrica presso REA mezzo targato FN438WL / AE87047 dal 8 Ottobre 2021 all'11 Ottobre 2021: 3gg x 600€/g= € 1800,00

or

00270 - Ambienthesis REBATE Q2 2021 ➤ ? ?

**Pelagatti, Luca**

to Rtr-interco, me, Ana, Rodrigo ▾

Dear All,

We have to issue a Credit Note for the Q2 2021 (4€/ton for the quantity delivered in Q2) for the invoices that have been paid in time, only. Note: due date as usual, that is 60daysEM 5days

TEXT:

Applicazione sconto per puntualità nei pagamenti per le fatture  
relative ai mesi di Aprile - Maggio - Giugno 2021  
ton 233,02 \* Eur/ton sconto 4,00 = Eur 932,08

Please upload this credit note on the SDI and send by email to the customer (put me in copy).  
Thanks

As the template contains already the posting scheme for all possible cases and SUFAC INTERCO is always in the loop of Luca's requests, they are autonomous to perform these type of requests.

They are identified in the ZZ\_POSTING\_FILE sheet in red with "EXTRA-\*\*\*\*\*", there is just the need to identify the customer, review the posting scheme (if we need to issue a credit note/invoice) to update the posting keys, add the amount/text indicated in Luca's message.

In case the invoice/credit note is not issued before month end, we should share with INTERCO team at D1 the template containing these details.

### 3.4.2. I fill the central file - Actions at D1

At D1 the source of information is:

- Marco Sardi send the "Nuovo File Solval Trasporti PSR" email "Tabella arrivi PSR mese MMMM YYYY";
- Luca del Rio send the "Vaccari"; "Pigliacelli" and "Pigliacelli Conto Dedicato" with the details of the transport;
- Luca Pelagatti is sending the "Certificates of Analysis" to be attached to the invoices issued. He is also the final validator before sending the invoices to the customers (by email and Sdl (Italy Sistema di Interscambio) real-time e-invoices.).

Open the files:

1. "Nuovo File Solval Trasporti PSR > Contabilità" and copy to excel template sheet "PSR Contabilità";
2. "Vaccari" and copy to excel template sheet "PIGLIACELLI+VACCARI" only the resume table.
3. "Pigliacelli" and copy to excel template sheet "PIGLIACELLI+VACCARI" only the resume table.

### 3.4.2.1. I fill the central file - AMBIENTHESIS

Costumer AMBIENTHESIS invoicing is based on the current activity of the month. There is only a check to the total tons, if we reach the 1000 we should contact Luca to understand if new prices should be applied.

	PSR del mese	TOT PSR nell'arco del contratto
Gennaio 2021	74,96	
Febbraio 2021	96,58	
Marzo 2021	118,60	
Aprile 2021	82,98	
Maggio 2021	27,26	
Giugno 2021	122,78	
Luglio 2021		
Agosto 2021		
Settembre 2021		
Ottobre 2021		
Novembre 2021		
Dicembre 2021		
<b>TOTAL</b>		<b>523,16</b>

With all the prices updated, to perform the calculations of the activity of the month (treatment and transport) you should:

- Copy the formulario nr in column "DESCRIPTION - PSR Contabilità";
- Copy from file DR04-20YY PI row 10 the reference number associated to each formulario.

DESCRIPTION PSR Contabilità	Detail of DR04-20YY PI DA-...	Fuori fascia 1° or 2°	QT Ton	PRICE Eur/Ton	Total Amount	Type of Transport	Price of Transport
899450	DA-39	1° FASCIA	26,22	210,00	5.506,20	combinato	500,00
899471	...	1° FASCIA	25,08	210,00	5.266,80	combinato	500,00
899508		1° FASCIA	23,34	210,00	4.901,40	combinato	500,00
899546		1° FASCIA	25,62	210,00	5.380,20	combinato	500,00
899560		1° FASCIA	21,98	210,00	4.615,80	espresso	950,00
Manual Input from PSR Contabilità	Manual Input from DR04-20YY PI DA-...	Fom PSR Contabilità Column F - Fuori Fascia	Fom PSR Contabilità Column E - KG/1000	Price applied according to contract (1/2 FASCIA)	Ton x price	From Pigliacelli+ Vaccari	Price applied according to contract (type of transport)

Once the information is complete, you will see that calculations are automatic (columns in grey) and you can double check to ensure correctness and on top, the accounting scheme is correct and the text to include in the invoice is complete with all the formularios and details required for the customer invoicing.

These are important because they are the details you will copy to the posting file long text:

Customer	Cost element	Sender Cost center	Amount (with minus for credit note)	Currency	Text displayed on the invoice

					TOT. QT	122,78	TOT.EUR	28.283,80		

### 3.4.2.2. I fill the central file - A2A AMBIENTE - Milano / Bergamo and ACSM AGAM

Same methodology as explained for customer AMBIENTHESIS although for this customer there are additional conditions to confirm and invoice when applicable:

DESCRIPTION	Detail of	% Insoluble	Fuori fascia	QT	Extra Price	PRICE	TOTAL	Type of	Price of	ESPRESSO	PARTIAL LOAD PENALTY		
PSR Contabilità	DR04-20YY PI MI-...	DR04-20YY P	1° or 2°	Ton	% Insoluble	Eur/Ton	AMOUNT	Transport	Transport	EXTRA COST	QT Ton	PRICE Eur/Ton	AMOUNT
MI-134			#N/A	#N/A	#N/A	#N/A	#N/A	#N/A	#N/A	#N/A	#N/A	#N/A	-
Manual Input from PSR Contabilità	Manual Input from DR04-20YY PI MI-... column 10	Manual Input from DR04-20YY PI MI-... column 16	Fom PSR Contabilità Column F - Fuori Fascia	Fom PSR Contabilità Column E - KG/1000	% Insoluble (rounded down)	Price applied according to contract (1/2 FASCIA) +	Ton x price	From Pigiaccielli+ Vaccari	Price applied according to contract (type of transport)	Extra Cost applied to the transport	Partial Load QT	Partial Load Price applied/ton	Partial Load amount to be charged

With all the prices updated, to perform the calculations of the activity of the month (treatment and transport) you should:

- Copy the formulario nr in column "DESCRIPTION - PSR Contabilità";
- Copy from file DR04-20YY PI row 10 the reference number associated to each formulario.
- Copy from file DR04-20YY PI row 16 the % associated to each formulario.

Once the information is complete, you will see that calculations are automatic (columns in grey) and you can double check to ensure correctness and on top, the accounting scheme is correct and the text to include in the invoice is complete with all the formularios and details required for the customer invoicing. The text in the invoice has to be in conformity with the requirements indicated.

#### EXTRA PRICE - % Insoluble

A2A Group is composed by 3 production plants A2A Milano / A2A Bergamo and ACSM-AGAM Como. Every Production Plant has its own Insoluble Limit:

A2A Milano: 12%

A2A Bergamo: 17 %

ACSM-AGAM Como: 12%

In case the PSR in the truck exceeds the above-mentioned limits, a 5€/ton extra price will be charged for each % point (rounded down).

Take as e.g.:

Truck from Milano= 27,3 tons;  
 Insoluble = 14,6% (rounded down: 14%)  
 Price = 177€/ton + (5€/ton x (14-12)) = 187€/ton  
 Total for the Truck: 187€/ton x 27,3ton = 5.105,10 €

In practise you will find in "PSR Contabilità" the reference to 2° FASCIA, afterwards we look into file "DR04-20YY PI" and look for the formulario nr and retrieve from the file the Insol H2O % (available in column 16 of the file).

10	<b>Lotto PSR</b>	n°	<b>Riepilogo</b>	TO-124	TO-125	MI-68	RO-
11	Formulario	n°		152735	152742	22305	759
12	Data arrivo	<b>GIUGNO</b>		01/jun	01/jun	01/jun	01/j
13	Quantità	ton	<b>2.005,48</b>	19,84	23,54	28,52	27,
14	<b>Analisi PSB</b>						
15	pH		<b>11,003</b>	11,01	11,03	11,27	10,
16	Insol. H2O	%	<b>8,0%</b>	11,1%	10,9%	7,4%	0,1
17		ton	<b>161,20</b>	2,20	2,57	2,11	0,0
18	<b>FILTRAZIONE</b>						
19	Cake spedito ECOIMSA SPAGNA	ton	<b>168,58</b>	23,80			
20	Cake spedito Electrometal	ton	<b>136,96</b>				

Copy this amount to the excel file to support your calculations.

### ESPRESSO Extra Cost

In case we have Espresso Transport a 160€ extra cost will be charged after the 1st 20 Espresso transports. This means that for A2A Group (in total, for all the 3 production plants), the first 20 Espressos during the contract year (1st Oct - 30th Sep) are for free.

In practise you will have to maintain a cumulated view of all transports "Espresso" of A2A and ACSM-AGAM that are shared every month and invoice the 21st Espresso that occur in the year.

TRANSPORT price	Pigliacelli	Extra Cost	Transport	Espresso (cumulated)		
				A2A Milano	A2A Bergamo	ACSM-AGAM
Singolo / Espresso	477,12	160,00	October 2021			
Combinato	448,49	-	November 2021			
			December 2021			
			January 2022			
			February 2022			
			March 2022			
			April 2022			
			May 2022			
			June 2022			
			July 2022			
			August 2022			
			September 2022			
				<b>0,00</b>		

These cells have to be filled manually every month.

The invoice has to contain the following text:

Forfait Trasporto Espresso  
 n° Formulario Prezzo  
 131155 160,00 €  
 131175 160,00 €

### **PARTIAL LOAD Penalty**

The Partial Load Penalty is applied in addition to the normal price for the service in case of PSR load < 20ton. The penalty to apply is 30€/ton.

The penalty is calculated on the difference between the weigh of the PSR and the full load, i.e. 25ton.

Take the following as example:

In case we receive a truck with only 18 ton.

1) on the invoice we create a line for the service cost as usual:  $18\text{ton} * 177\text{€/ton} = 3.186\text{€}$

2) in addition to that, on the invoice we create a further line for the Partial Load Penalty:  $(25\text{ton} - 18\text{ton}) * 30\text{€/ton} = 210\text{€}$

The invoice has to contain the following text:

Indennizzo per carico parziale  
DESCRIZIONE QT PREZZO IMPORTO  
n°formulatio ton EUR/ton  
131174 7,00 € 30,00 € 210,00

### **3.4.2.3. I fill the central file - HERAMBIENTE - Coriano/Ferrara/Modena/Forli**

Same methodology as explained for costumer AMBIENTHESIS although for this costumer there are additional conditions to confirm and invoice when applicable:

#### **EXTRA PRICE - % Insoluble**

For each production plants Coriano/Ferrara//Modena and Forli we need to apply the Insoluble Limit of:

HERAMBIENTE Coriano: 5 %

HERAMBIENTE Ferrara/Modena/Forli: 12 %

In case the PSR in the truck exceeds the above-mentioned limits, a 3,5€/ton extra price will be charged for each % point.

### **3.4.2.4. I fill the central file - ACSM AGAM - Como**

Same methodology as explained for costumer A2A AMBIENTE. Pay attention to the details as explained previously.

### **3.4.2.5. I fill the central file - TRM/IREN Group**

Same methodology as explained for costumer A2A AMBIENTE. Pay attention to the details as explained:

**PRICE to apply** (transport included in price):

- for all the plants the price to apply for each treatment is 183€/ton.

In case of TRM Torino exceeds 7500ton from Gen to Dec the price becomes 185€/ton for all the plants. The year after the price will be back at 183€/ton until TRM exceeds 7500ton again.

In practice we maintain a table with historical information:

PRICE per ton to apply according to contract	
	183,00
In case of TRM Torino (only) exceeds 7500 ton from Gen to Dec the price becomes 185€/ton for all the plants. The year after the price will	185,00

TRM TORINO QT (Ton)	
Gennaio 2021	660,03
Febbraio 2021	638,82
Marzo 2021	550,55
Aprile 2021	580,85
Maggio 2021	346,23
Giugno 2021	826,97
Luglio 2021	692,30
Agosto 2021	791,40
Settembre 2021	867,50
Ottobre 2021	
Novembre 2021	
Dicembre 2021	
<b>OK</b>	<b>5.954,65</b>

These cells have to be filled manually every month.

The price is fixed with 183 €/ton. When you reach the 7500 tons the price

has to be changed in column E / starting from row 118.

### ESPRESSO Extra Cost

For IREN Group (in total, for all the 3 Production Plants), the first 20 Espressos during the Year (1st Gen - 31st Dec) are for free.

We need to maintain the historical information and as soon as you reach the number of free Espressos we start charging this Extra cost:

Example 2021:

TRANSPORT price t	Pigliacelli	Extra Cost
Singolo / Espresso	609,65	160,00
Combinato	460,95	

Partial Load Penalty	/ton
If < 20	30,00

Transport	Espresso (cummulated)		
	TRM Torino	IREN Parma	IREN Piacenza
Gennaio 2021			
Febbraio 2021			
Marzo 2021			
Aprile 2021			
Maggio 2021			
Giugno 2021			
Luglio 2021			
Agosto 2021			
Settembre 2021	27,00		
Ottobre 2021			
Novembre 2021			
Dicembre 2021			
	<b>27,00</b>		

These cells have to be filled manually every month.

10.21 - Due to the fact that we have already invoiced 3 espressos the next espresso to be charged is the 36th of the year.

In case of Espresso Transport a 160€ extra cost will be charged in a dedicated line of the invoice.

The text has to be clear and contain:

Forfait Trasporto Espresso  
 n° Formulario Prezzo  
 131155 160,00 €  
 131175 160,00 €

### Partial Load Penalty

The Partial Load Penalty is applied in addition to the normal price for the service in case of PSR load < 20ton. The penalty to apply is 30€/ton.

The penalty is calculated on the difference between the weigh of the PSR and the full load, i.e. 25ton.

Take the following as example:

In case we receive a truck with only 18 ton.

- 1) on the invoice we create a line for the service cost as usual: 18ton\*183€/ton= 3294€
- 2) in addition to that, on the invoice we create a further line for the Partial Load Penalty: (25ton-18ton)\*30€/ton= 210€

The invoice has to contain the following text:

Indennizzo per carico parziale			
DESCRIZIONE	QT	PREZZO	IMPORTO
n°formulario	ton	EUR/ton	
131174	7,00	€ 30,00	€ 210,00

### 3.4.2.6. I fill the central file - MARANGONI

Same methodology as explained for costumer A2A AMBIENTE.

### 3.4.2.7. I fill the central file - Final Checks

As soon as you finish to complete the data and confirm that the calculations are correct, validate on top of each sheet the details to be invoiced:

- Ensure that the text is complete with the additional costs to be invoiced. In case it is applicable the details have to be copied manually for the template.
- Total amount to be invoiced has to be equal to the amount calculated in column Amount:

Customer	Cost element	Sender	Amount	Currency	Text displayed on the invoice
IREN	7000200000	XR46600001	12.691,62	EUR	Sito PARMA

- As soon as you finish go to sheet RESUME, there is a button there that you need to run and the texts will be automatically updated in the

**CLICK TO UPDATE LONG TEXT IN  
ZZF\_POSTING\_FILE SHEET**

sheet ZZF\_POSTING\_FILE.

- Go to the ZZF\_POSTING\_FILE and check the field long text and edit it/delete what is not necessary/applied.

### 3.4.2.8. I fill the central file - RESUME

This last sheet contains the resume of all invoicing, quantity and amount as well as any spot invoice/ credit note we had to issue during the month.

- There are always two cost centers to be credited, XR46600001 and XR80TPTPSR. There is highlighted an automatic check that alert for possible issues with the cost centers and this should be zero. In case of some strange values we need to review the calculations;
- It will work as a reminder to check if additional invoices/credit notes requested during the month were issued (if yes, no need to add it in the template; if no, add in the template the details as explained in 3.4.1);

### 3.4.2.9. I share the information with SUFAC Interco

Send via ticket to SU FAC Interco the file. They will perform the invoicing whenever necessary ensuring all master data creation. They will also share it with the customer a copy of the invoice and submit the electronic invoice.

All details and information is also shared with the team but we can remind/alert and resend any information we consider important.

Take as example the following message:

Send to Rtr-interco Sbs <interco-sbs-rtr@support.solvay.com>

Subject: 00270 - PSR Invoicing MM.YYYY

## 00270 - PSR Invoicing 08.2021 >

**Mariano, Sofia** <sofia.mariano@solvay.com>

to Rtr-interco, Martina, Francesco, Luca, Sónia, Rodrigo, Isabel, Ana ▾

Hello,

Attached you find the file for service invoices from company 0270 to our customers related to PSR for AUGUST 2021.  
Attached you will find the Certificates of Analysis to be sent to the customer AMBIENTHESIS together with the invoices.

Let us know as soon as the invoices are issued or in case of doubts (for support you can follow sheet "instructions" from template attached).

After the invoices are issued you can list them by opening FBL5N with variant CUSTOMER PSR. To spot any issue during the invoicing steps, check if the total amount is the same as in "TOTALE FATTURAZIONE DEL PERIODO"; the only time you can find difference is when invoices/credit notes are issued during the month and not added in this file.

It is also advised to double check if the text in the invoice is what we need. In case of issues you can advise the team to perform the necessary corrections.

Luca Pelagatti will also review the invoices to ensure everything is correct and give you the confirmation to sent by SDI and by email to the customers.

End of document.
