3.1.2. Google Form Request Data

In the [Google Drive Response File](#) all the re-openings requested by the robot are listed:

SCO - BFC Package Re-opening form (Responses)										
File Edit View Insert Format Data Tools Extensions Help										
Menus 100% 123 Roboto 10 B I A										
Package										
Timestamp	Email Address	Package	Closing period to Re-open	BFC Company Code	Region	Type of Adjustment	Original Requester	Amounts in K Currency	Justification of Adjustme

The information like package, company, period, type of adjustment will support to the analysis.

3.2. I compile data and statistics on BFC packages re-opening requests

Once you have the data from Google Drive information and the BFC Data, you have to compile the information in the [Syensqo Reopening Report Analysis](#) file, filling the tabs respectively:

Note that sometimes you will need to fill the "Monthly Local Time & WD" tab as well, informing the month and year.

Once you have filled all the information, in the "Before target (-) / After target (+)" column (AB), you will have the information regarding the late reopenings. Filter by "+" view all the late re-openings and publications in that month:

Company name	Company code	Region for Deadline	Search Criteria	Target Date (BE)	Target Hour (BE)	Target Date + Hour (BE)	Actual Reopen Time (BE)	Actual Hour (Local)	Before target (-) After target (+)

On quarterly closings, you will also need to check the "Final Analysis Actual 2" tab and ensure that the formulas and data are correct.

With this information, you will be able to perform the Re-opening analysis and provide a presentation, using the [Re-openings Analysis Template](#).

3.3. I sent the re-opening analysis on a quarter basis

On a quarterly basis, you will have to sent the re-opening analysis to all Finance Service Line, as an example below:

Hello Dear Colleagues,

You will find [here](#) the **Syensqo Q2 2025 Re-opening Analysis**, including Actual 0, as well as [the support file](#) for this analysis.

Please note that the analysis was done based on GForms.

Concerning the re-openings under your scope of responsibility, **we encourage you** to understand the root cause.

Whenever possible, **to perform checks before publication** (flows checks), with the goal of improving the quality of the package and its financial information.

We are available to answer any questions you may have.

Thank you,

You can send it via email to the recipients listed below:
