

# Rules - Cost element Group ZSOLV

The group **ZSOLV** is created in PF2 & WP2.

It replaces the cost element group **ZR CS-FC** from 01 Jan 2022

It is used:

- in BW & Qlik for [CO\\$TA - Cost Transparency \(WBP\)](#) & fixed costs reports: [CBS - Function costs](#) & [FC - GBU Fixed Costs](#)
- in assessment cycles ([PA transfer structures](#) & Allocation structures)
- for the determination of the subpackage in [CO\\$TA - Cost Transparency \(WBP\)](#) when the package derivation source is **COSTELMNT** (see [Co\\$ta - Package assignment](#))

## How to display the group ZSOLV ?

- It is maintained in SAP and can be displayed with [KAH 3 - Display cost element group](#)
- A report is available in BW with the list of all cost elements and their group ZSOLV => [Co\\$Ta - BW Cost Element Master Data](#)
