

How to give access for FIRE - FIGHTER ROLE in IDM

This article shows how to give access for **FIRE - FIGHTER ROLE** in IDM

Step-by-step guide

TICKET :-

<https://sbs-support.solway.com/a/tickets/5864236>

- If the user is requesting for any of the particular transaction code and that transaction code contain only FIRE - FIGHTER ROLE
- Then in this case we have to add a note OR Assign the ticket to **IT - SAP - AUTHORIZATION TEAM**

[This reply refers to Ticket: **[#5864236]** - <https://sbs-support.solway.com/helpdesk/tickets/5864236>]

Dear Cristina,
Trust you are doing good and safe.
We can see user already have required access in DF1 and QF1 systems
If you still need access in PF1 please use FF ID (firefighter)
For FF ID please raise a separate ticket

Thank you and Be Safe!!

Sincerely,
Santosh Mahapatro
