

# A2110 - Listviews

## Overview

Listviews are a key feature in Convergence and in Salesforce more generally. Listviews display a list of records for a given object, for example : all your Visit Minutes.

## Where are Listviews ?

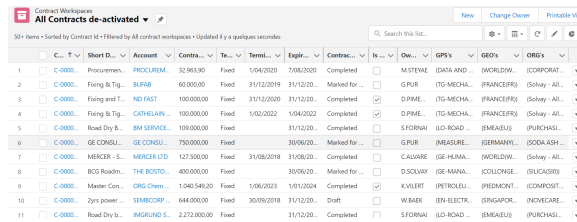

Listviews are accessible on any tab. Just click on one tab and choose which Listview you want to display.

In this example, the tab "Contract Workspaces" is open and the Listview "All Contracts de-activated" is selected.

Click on the Listview to display it.

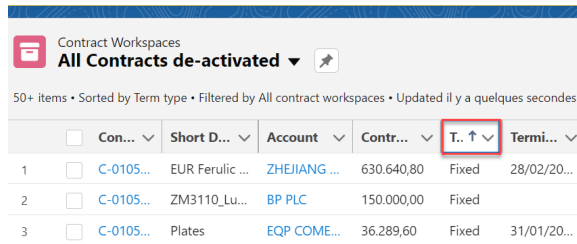

In this example, the displayed Listview is "All Contracts de-activated".

## General navigation

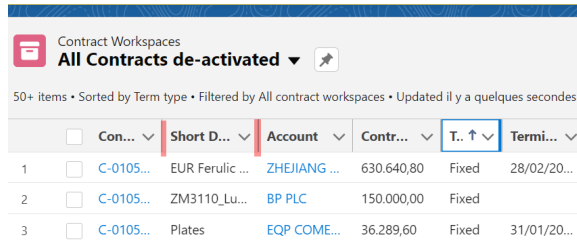

To **sort** a Listview, just click on any column header.

In this example, the Listview is sorted showing the fixed contract first (notice the black arrow in the column header).

Feel free to **resize** any column by moving the column header left or right border. The new size of the column will remain, but only for your Salesforce account.

Feel also free to **move** a column from one place to another. This will remain for your Salesforce account only.

Edit View

Save As | Cancel

Step 1. Enter View Name

View Name:

Created By: VincentVardelleLast 9/9/2016 1:05 AM Modified By: VincentVardelleLast 9/9/2016 1:10 AM

Customize the **criteria** and the **logic filter** of the view.

The easiest criteria to change is the toggle button "All CSR Assessments" / "My CSR Assessments".

Step 2. Specify Filter Criteria

Filter By Owner:  All CSR Assessments  My CSR Assessments [Field Filters Help](#)

Field	Operator	Value
1. CSR ID	contains	CSR:
2. Status	equals	Completed
3. Is Active	equals	True
4. Valid To	equals	NEXT 365 DAYS
5. [None]	[None]	

Clear Filter Logic

Filter Logic:  [Top](#)

Logic filter works as follows :

- **AND**, finds records that match both values.

1 AND 2

- **OR**, finds records that match either value.

1 OR 2

- **NOT**, finds records that exclude values.

Change the displayed fields (on the right). To add a field, chose it on the left and put it on the right. To remove one, take it from the right and put it on the left. Change columns display order on the right side.

Then save you view.

Step 3. Select Fields to Display

Available Fields	Selected Fields
Record ID	Flag
1_1	Account
1_10	CSR ID
1_11	CSR Assessor Name
1_11_1	Status
