

How to reactivate deactivated ELN account?

Access Requests tickets should be used to request access granting for yourself or another user.

First, connect to the SYRA portal.

- 1 & 2. Simply click on "Service Catalog" & on "Access & Application" in the Home page. You can also find this request in the catalog tab or in the searching bar.

- 3. Click on "Application Access Request (Generic)."

- 4. If needed, you can change the field "Request for" at the right. By doing so, both the user and requestor will be notified of the ticket progress. No need to change that if you are the requestor !
In the example, the ticket will be created for Tiphaine COURTAUD.
- 5. Click on "Request now" , verify the user information & click on "Next" .

Then fill in the ticket :

- 6. Select the "Type of Request": Reactivation or deactivation

- 7. Select "ELN (IBDS)" as the System
- 8. Click on the GForm

- 9. Fill the GForm by clicking on " Suivant"

Request trigger

Please note that in the case of internal move, the departure lab is responsible for the user's old access rights withdrawing request. It should be addressed by filling the GForm "ELN // Standard Access Withdrawing": <https://forms.gle/mRivStoVh6N9wNZR7>

Warning : In the case of account reactivation, ALL previous accesses will be enabled again (even for restricted folders).

Please select the request trigger: *

New comer arriving at Syensqo / Solvay
 Internal Move
 Account reactivation
