

I manage threshold accounts

Tasks to be completed when documenting an operation (from creation to publication)

1. Enter the **Title of the operation / page**

2. Add the following Labels:

- Scope of applicability: ww, country_accounting
- Country or group of countries (if applicable): belux, china, france, italy, lam, nam,uk_ie, bulgaria, dach, netherlands, iberia, poland, latvia, australia, india, japan, south_korea, thailand, singapore
- Unit and Domain according to the [List of labels to be used in the Finance Service Line space](#)
 - E.g. 1: WW Operation in Financial Accounting under domain "Central Finance Processes & Compliance":
 - Labels to be used: **ww, financial_accounting, central_fin_proc_compliance**
 - E.g. 2: France Operation in Financial Accounting:
 - Labels to be used: **country_accounting, france, financial_accounting**
(for country operations, the Domain is always country_accounting)

3. Fill in all fields as described above

4. Once the description of the operation is completed, ensure it is approved and published by launching the [SBS-Finance approval workflow](#)

Domain: Central Finance Processes & Compliance

Responsibility area: I prepare the figures to be reported for the monthly KPI in Qlikview

train all end users in the process and
tool*

1. Objective and Scope

1.1 Objective of this Operation

We have defined threshold to close accounts with non-significant balance which should not be reconciliated (KLE=25K€/ NKLE=35K€).

1.2 Scope

Key legal entities

Non Key legal entities

2. Definitions

See Finance Glossary:

- Add if necessary

3. Tasks description

3.1. I prepare the template to identify which accounts attend the treshold

We have 6 templates to be used according reconciliation month

3.1.2. I make the extraction and filters on template

To extract from SAP the data go to /n/bsar/menu and "Audit" tab.

In selection only choose month and year and extract full data.
When data is retrieved change to layout "Threshold"
