

# Appspace (editor): order the content of a media zone (order the playlist)

Solution 1: enter the new order manually

The screenshot shows the 'Main media zone' editor interface. At the top, there are tabs for 'APPEARANCE', 'CONTENT', 'ACTIONS', 'PROPERTIES', and 'PERMISSIONS'. Below the tabs, it indicates '17 item(s) allocated - Total Duration: 5 min(s) 40 sec(s)'. There are also options for 'Link media zones', 'Enable Scheduling Mode', a dropdown menu for 'Main media zone', and an 'Add Med' button.

| Order                                 | Status   | Preview  | Info              | Playout               | Options           |
|---------------------------------------|----------|--|-------------------|-----------------------|-------------------|
| <input checked="" type="checkbox"/> 1 | Approved |   | Image<br>Capture1 | Default [ 20 sec(s) ] | Remove<br>Replace |
| <input checked="" type="checkbox"/> 2 | Approved |   | Image<br>Capture2 | Default [ 20 sec(s) ] | Remove<br>Replace |
| <input checked="" type="checkbox"/> 5 | Approved |   | Image<br>Capture3 | Default [ 20 sec(s) ] | Remove<br>Replace |
| <input checked="" type="checkbox"/> 4 | Approved |  | Image<br>Capture4 | Default [ 20 sec(s) ] | Remove<br>Replace |

Solution 2: drag and drop

# Main media zone

close window

APPEARANCE CONTENT ACTIONS PROPERTIES PERMISSIONS

17 item(s) allocated - Total Duration: 5 min(s) 40 sec(s)

Link media zones

Enable Scheduling Mode
