

KO01 - Create an internal order

STEP 1

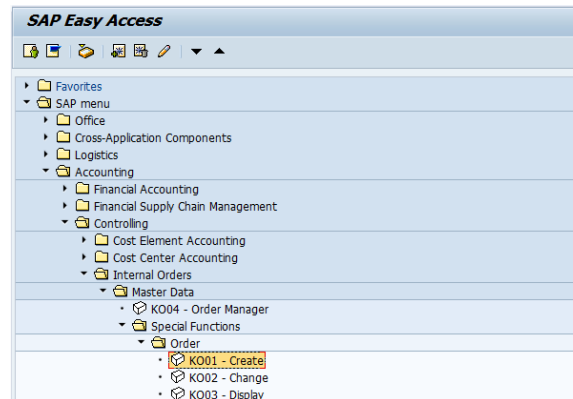

Log is in English to start with the creation of the profit center in English.

The image shows the SAP login interface. At the top, there is a green checkmark and a dropdown menu. Below this, there are three input fields: 'Mandant' with the value '400', 'Utilisateur' with the value 'RFC_IDM8', and 'Langue de travail' with the value 'EN'.

Start the transaction using the menu path or transaction code

 KO01 - Create

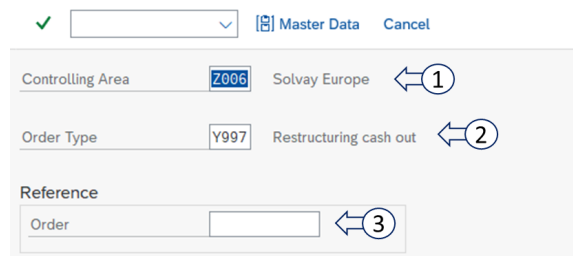

STEP 2

Start the creation of the new internal order

1. Enter the [Controlling area](#)
2. Enter the [Order Type](#)
3. Enter a reference order if I want to use an existing internal order as a model.

 The selection of the correct [Order Type](#) is very important when creating the Order, as it will have impact in several reports, namely in CoSt and Capex reports.

The image shows the SAP internal order creation screen. At the top, there is a green checkmark and a dropdown menu. Below this, there are three input fields: 'Controlling Area' with the value 'Z006' and 'Solvay Europe' (with a left arrow and '1'), 'Order Type' with the value 'Y997' and 'Restructuring cash out' (with a left arrow and '2'), and 'Reference' with the value 'Order' (with a left arrow and '3').

STEP 3

Enter information gathered previously

1. Description of the order
2. Company code

3. Business Area (only in PF1)
4. Plant code (Optional)
5. Profit center
6. Responsible CCtr
7. External order no.

Other fields can be informed when requested

The message

Company code currency transferred [View details](#)

is displayed

✓ [dropdown] Settlement Rule Cancel

Order: 2560001280 Order type: Y997 Restructuring cash out
Description: Restruct PEROX-IFP 2022
