

3.1 SEEQ Getting Started

First connection to SEEQ

Step 1) Enter the address: <https://syensqo.seeq.tech> in a chrome browser tab

Step 2) On the SEEQ page, in the "Directory" dropdown list, select **ENTRA ID SSO**.

Step 3) After your first successful connection, you need to complete your user's profile in the first configuration page

On this login window, it is mandatory to complete all fields:

- Time zone
- Language

then save.
