

# INTRANET - Reporting an Incident (GOLIVE & Hypercare)

## INTRANET - Reporting an Incident (GOLIVE & Hypercare)

### HOW TO REPORT AN INCIDENT ON ECO OR SCO INTRANET

Step-by-Step	Screenshots
1. Go to Service One Digital Workplace with this <a href="#">link</a> .	
2. Click on this tile "Report Application / Software Incident"	
3. Read through carefully that you are raising an Incident due to Application issue and not related to Infrastructure issue.  Tick on the checkboxes.  <div data-bbox="186 1199 342 1835" style="border: 1px solid red; padding: 5px;"><p><b>!</b> If failure to do so, your ticket will be routed to the wrong group, and hence might take more time to reach the right team for RESOLUTION.</p></div>	<p>I confirm that have checked the service catalog and did not find anything related to my request. <i>(required)</i></p> <p><input checked="" type="checkbox"/> Yes</p> <p>I confirm that this issue is related to an Application / Software on my device. <i>(required)</i></p> <p><input checked="" type="checkbox"/> Yes</p>

#### 4. Enter **Summary**

This is the title of the ticket that needs to be meaningful.

Please use prefix **ECO** or **SCO** so that it can be clearly identified and speed up our resolution.

#### Summary **(required)**

Please provide a short description of your issue.

#### 5. Enter **Description**

The more information you provide, the easier for us to detect the root cause of the issue.

Please provide information like:

#### Description **(required)**

Please enter the full description of your issue.
