TO BE UPDATED

- At Day 1, 3rd July 2023, the current one.solvay.com will become as a static page and will provide both links to ECO and SCO Intranets. Select accordingly.
- If an ECO user clicks on SCO Intranet link, he/she will not have access. Vice versa.
- It is **recommended** to remove old links from your Favorites browser bar and save the new URL/link once you have reached to ECO or SCO Intranet according to your People Allocation.
- No design / user interface (UI) change on ECO & SCO Intranet
- New URL for ECO & SCO Intranet
- New back-end URL for ECO & SCO Drupal for contents contribution
- Features should be AS-IS
- Contents are adapted to ECO & SCO accordingly. If contents are incorrect, this is **NOT** a bug/technical issue, hence no tickets are needed.. Check this list to refer to your space owner and report the inappropriate contents (by mail).

Logical separation. This means:
