

MT ParserCom

We had this message :

Server Error in '/' Application.

Retrieving the COM class factory for component with CLSID {8C49E58A-FFEA-48F0-A42D-68D2FBE14603} failed due to the following error: 8007007e.

Description: An unhandled exception occurred during the execution of the current web request. Please review the stack trace for more information about the error and where it originated in the code.

Exception Details: System.IO.FileNotFoundException: Retrieving the COM class factory for component with CLSID {8C49E58A-FFEA-48F0-A42D-68D2FBE14603} failed due to the following error: 8007007e.

On the web server open the dll with "dependency walker". Note that some dlls are missing.

Download missing dlls. For me "mfc71u.dll" and "msvcr71.dll"

Put these dlls in c:windows\syswow64

Do a regsvr32 /u mtparsercom.dll

And

regsvr32 mtparsercom.dll
