

Profile setting

blocked URL

Located on the right and at the top of the AGILAB application, the profile menu " Profile and preferences"

contains some information that is used to identify a user such as the name, the email, the user name, the organizations, the role...

Once you open the details page : you can adjust information concerning your identity

A screenshot of the "Profile & Preferences" page in the AGILAB application. The page is divided into a left sidebar and a main content area. The sidebar contains a "Save" button and a list of tabs: "bagh4974", "Show All", "Identity", "Profile", and "Preferences". The main content area is titled "Meriem Baghdadi" and contains various fields for user information. The "Profile" tab is selected, showing fields for Title, Status, First Name, Last Name, Phone Number, Email, Photo, and Signature. Below these fields is a table of roles and their descriptions.

Role	Description
Equipment Manager	The Equipment Manager intervenes on follow-up of equipment: calibration, maintenance.
Inventory Manager	Inventory manager will be able to create chem ref & products and manage them. Same for batches & fractions
Requester	Requester is allowed to create new request, enter related samples (and sometimes tests to perform), submit request to analysts.

In the profile setting you can also :

- Define your Primary Organization
- Define the Default RIC where you are used to send requests
- Choose the language : English
- Save your changes
