

Sprint Retro 1

What went well (We nailed it)	What to improve on (Oops!)	Action Item
<p>We were able to utilize the adding a 'subtask' capability of Jira</p>	<p>Breakdown User Stories into Smaller Deliverables</p>	<p>Brainstorm ways to better communicate business needs aside from multiple meetings with Scott.</p>
<p>Adding Tasks to Cards - Helped to Organize Work</p>	<p>Plan at the beginning of the sprint for members with scheduled time off</p>	<p>Improve requirements/descriptions that are listed on user stories to provide clarity.</p>
<p>We successfully completed most story points and made progress on backlog items.</p>		
<p>Adding notes to the existing tasks makes the tracking of accomplishments and tasks easier</p>		
<p>Completed most of our daily meetings without going over scheduled time</p>
