

# ALB Release Notes

This document describe the changes for each release. It can be a link to the Jira or a simple release note page.

## Releases

If there is a JIRA released note, just replace this table with the URL to the JIRA.

Release Version	Domain	Notes	Released Date	Remarks/Documents
v1.0.0_20220512_01	Batteries	Initial Harmonization Deployment		<a href="#">Initial Release document</a>
v1.0.0_20220531_01	Materials	Initial Harmonization Deployment		<a href="#">Harmonization Release</a>
v2.0.0_20220620_01	Coatings	Second version Harmonization Deployment		<a href="#">Harmonization Release</a>
	Batteries	Migration and Merging on Rnl_Battery_Bollate		<a href="#">Talend Migration and Merging</a>

## Version Naming standard

This is the naming standard for version.

Major Version - Increment when changing to a new application framework.

Minor Version - Increment when adding new features into the application.

Bug Fixes Version - Increment when deploying bug fixes. When minor version is incremented, reset this to 0.

Timestamp - Indicate the timestamp whenever a deployment was released. Format: YYYYMMDD\_<<number of deployment on the same day in XX>>.

v<<MajorVersion>>.<<MinorVersion>>.<<BugFixesVersion>>.<<Timestamp>>
