

BP Architecture Overview

This document gives overview on whole design of the application involves with. Interaction with External Application will also be reflected here.

- [Overview of Architecture Diagram](#)
- [GCP APIs used](#)
- [GCP Resources used](#)

Overview of Architecture Diagram

Diagram of the solution including the external system

Schemas

All schemas can be found on the following GDrive link:

#133 Battery Data management platform >> 06 - Documentation >> [Architecture](#) >> [Battery Data Scheme and Diagrams](#)

GCP APIs used

APIs	Usage on production / month (Estimated)	Expected Growth rate / month (Estimated)	Remarks

GCP Resources used

Resources	Expected time of usage	List of scripts to start/stop resources	Projected Usage	Remarks
BigQuery	-	-	-	N/A
Compute Engine	-	-	-	N/A
Cloud Storage	-	-	-	N/A
