## PO2 Spin-off : CONFLUENCE GOLIVE & Hypercare

### COMMON / SHARED

#### PRE READ

- At Spin-off, 11th Dec 2023, the current wiki.solvay.com will be cloned for wiki.syensqo.com.
- The [wiki.solvay.com](https://wiki.solvay.com) will only be accessible to Solvay users and Syensqo TSA users.
- The [wiki.syensqo.com](https://wiki.syensqo.com) will only be accessible to Syensqo users and Solvay TSA users.
- Application owner will communicate on the new URL.
- It is **recommended** to remove old links from your Favorites browser bar and save the new URL/link once you have reached to ECO or SCO according to your People Allocation.
- No design / user interface (UI) change on ECO & SCO Intranet. Only the site's logo, favicon and colour theme will change.
- Contents are adapted to ECO & SCO accordingly. If contents are incorrect, this is **NOT** a bug/technical issue, hence no tickets are needed.. Check this list to refer to your space owner and report the inappropriate contents (by mail).

#### Before logging an INCIDENT:

- Make sure you cannot access the Wiki pages, <https://wiki.solvay.com>, only. (Access to external contents will not be considered as an incident for Confluence support)
- Make sure you are able to access the other pages of the reported space or you cannot access/find the space. (to ensure the page you are trying to access has no page restriction applied)
- Make sure you are accessing the correct links.
- If you are unable to access/find the space, refer to the list of ECO and SCO spaces **below**.

> [Visitor/Employee] Access issue to a Confluence space  
> [Visitor/Employee] Access issue to a external contents (GDrive, GDoc, Jira, etc)
