PO2 Spin-off : CONFLUENCE GOLIVE & Hypercare

COMMON / SHARED

PRE READ

- At Spin-off, 11th Dec 2023, the current wiki.solvay.com will be cloned to wiki.syensqo.com.
- The wiki.solvay.com will only be accessible to Solvay users and Syensqo TSA users.
- The wiki.syensqo.com will only be accessible to Syensqo users and Solvay TSA users.
- Application owner will communicate on the new URL.
- It is **recommended** to remove old links from your Favorites browser bar and save the new URL/link once you have reached to ECO or SCO according to your People Allocation.
- No design / user interface (UI) change on ECO & SCO Intranet. Only the site's logo, favicon and colour theme will change.
- Contents are adapted to ECO & SCO accordingly. If contents are incorrect, this is **NOT** a bug/technical issue, hence no tickets are needed.. Check this list to refer to your space owner and report the inappropriate contents (by mail).

Before logging an INCIDENT:

- Make sure you cannot access the Wiki pages, <https://wiki.solvay.com>, only. (Access to external contents will not be considered as an incident for Confluence support)
- Make sure you are able to access the other pages of the reported space or you cannot access/find the space. (to ensure the page you are trying to access has no page restriction applied)
- Make sure you are accessing the correct links.
- If you are unable to access/find the space, refer to the list of ECO and SCO spaces **below**.

› [Visitor/Employee] Access issue to a Confluence space
› [Visitor/Employee] Access issue to a external contents (GDrive, GDoc, Jira, etc)

- If you are still not able to access the space, proceed to log an incident and provide the following information:
 - the link of the Wiki page
 - the user email that cannot access the Wiki page.

Logging an INCIDENT: follow the [procedure](#) for faster resolution.

Contact the **space owner** to rectify from the external applications.

You are logged in to see the wiki, however you are not logged in to editor the content.

Go to this URL to login with your Syensqo's account via SSO: <https://wiki.syensqo.com/login.action?nosso>

If you still are not able to edit the content after you have successful logged in, it means you do not have permission to update the content. Both Wikis are hosted physically on 2 difference servers. The content will not be automatically reflected on the wiki.solvay.com.
