

Training Curriculum in Occupational Health (OH-01)

Go to: [HSE Training Curriculum](#)

A Training Curriculum is a knowledge development path recommended by the Industrial HSE in order to ensure the homogeneity of in-house competencies in Health, Safety & Environment throughout the Solvay Group.

A list of the available Training Curricula in other HSE domains, as well as HSE transversal knowledge is available [HERE](#).

This Training Curriculum contains :

- ✓ The knowledge that **Site PHYSICIANS** should be aware of.
- ✓ Recommendations intended for the medical Country Referent or (if no country Referent) the medical Regional Coordinator who will contribute to the mentoring (for the key/essential knowledge).

Who should follow this training curriculum?

- Internal or external **Site OH physicians**

Mentoring

MEETING SCHEDULING:

The OH medical Referent (or Coordinator) (mentor) organizes a MEETING with the (new) OH physician (trainee), preferably in presential, at the Site of the OH physician (otherwise by hangouts or by conf call).
If possible, a Site visit should be organized with exchanges with the Site HSE and the Site HR.

BEFORE THE MEETING:

- ★ The OH medical Referent / Coordinator (mentor):
 - ✓ organizes the training with the (new) OH physician, preferably in presential, at the Site of the OH physician (otherwise by hangouts or by conf call)
 - ✓ (if possible) organizes a Site visit and exchanges together with the Site HSE and the Site HR
 - ✓ ensures the access to the following tools:
 - 🔵 OH Gate, by completing the [form to request access](#)
 - 🔵 when relevant, [Medexis OH1](#) or [Kitry](#), by launching a request for software installation
 - 🔵 [PURE](#) (only for physicians with Solvay email address; ask the [OH Data Mgr.](#))
- ★ The OH physician (trainee) reads the following 3 key presentations:
 - ✓ [Occupational Health Essentials](#)
 - ✓ Group requirements in Occupational Health: [onboarding IND-HSE-OH-08-PRO](#)
 - ✓ [Solvay WellBeing@Work Awareness](#)

DURING THE MEETING:

★ Face to face (otherwise by hangouts or by conf call):

✓ Presentation of the:

▶ Solvay OH network: Who is who, Mission, vision & competences, Roadmap, Interactions with other domains at Solvay, Added value (information included in the presentation [OH Essentials](#))

▶ Medical network at Country level (if existing): functioning, meetings, distribution list, involvement of the new OH physician in this local network, Country/Regional particularities for OH, etc.

✓ Explanations and Q&A on:

▶ The above 3 key presentations (read by the OH physician before the meeting)

▶ The key/essential knowledge (listed at the next page)

▶ Classification of occupational accidents (see [Appendix 2](#) of procedure [IND-HSE-01.01-PRO](#))

▶ Work accommodation

▶ Return to work

✓ Internal tools:

▶ Solvay intranet [OH Wikipages](#)

▶ [OH Gate](#)

▶ [Medexis OH1 or Kitry](#) if installed/will be used

▶ PURE ([OH Indicators](#) , consultation of occ. diseases declared by the Site)

✓ Action plans defining:

▶ for implementation or development of OH practices in the Site, according to local regulations, Solvay recommendations and the specific risks of the Site

▶ to identify and create a contact/relationship with external Clinics/Hospitals/Services where the employees could be sent to, for complementary tests related with the medical surveillance or for medical emergency

✓ Skills and needs:

▶ Identification in the fields/topics on which the new OH physician is skilled and is interested in

▶ Define needs on periodic meetings between the new OH physician and the Medical Referent of the Country/Region

★ If the meeting is held at the Site of the (new) physician:

✓ Visit the Site

✓ Meet the Site HSE and exchange on the site risks, risk-based medical surveillance process, medical emergency

✓ Meet the Site HR and exchange on WBAW, Maternity protection, return to work

Key / Essential knowledge (mandatory)
