

HR - Employee Exit Management

Employee Exit Management

INTRODUCTION

In line with the People Engagement Journey the process of exit management is led by the Manager. This deployment highlights the focus on the empowerment and accountability of leaders to make people decisions.

The Site HR Partner continues to play a direct and crucial role in the exit management process by ensuring local compliance and supporting the Managers through the process to successfully terminate an employee.

Please have a look at the [exit management process visual for managers](#).

The following scenarios are in scope:

- INVOLUNTARY SEPARATION (restructuring, poor performance, misconduct);
- VOLUNTARY SEPARATION (resignation);
- MEDICAL INCAPACITY (long term);
- RETIREMENT (legal retirement where it applies).

WHAT TO DO AS A SITE HR WHEN I RECEIVE A NOTIFICATION FOR SEPARATION?

When an employee requests to leave the company or the manager decides to terminate an employee, the procedure below is required in order to successfully terminate the employee:

Step one: Check/Discuss

- For involuntary separation: Review if there are legal implications & contractual obligations.
- For voluntary separation: check if there are bonding agreements (i.e. non compete).
- For medical incapacity: start the assessment procedure, consulting labor physician (if needed) and according to local legislation.
- Evaluate the right type of solution and recommend alternative actions to the Manager who decide how to proceed.
- Discuss with Unions/working council (as needed).

Step two: Prepare

- If a decision is taken to proceed with the separation, contact the payroll to calculate the severance (as needed)*.
- Apply the [NEW approval Matrix](#) to the involuntary separation package (where Settlement Agreement is Required).
- Support the Manager with the action plan preparation (if needed).
- **NEW: The Manager will have to discuss and agree with the N+1 the implementation of the non compete for Sensitive Roles and confirm the payment agreed in the addendum.*

Step three: Execute

- Support the Manager with the communication to the employee.
- Prepare separation documents (when needed) and get it signed and stored in **My HR Services - Employee file**.
- Check, change, and approve in MY HR Services the separation details entered by the manager & attach the link to relevant documents stored in **My HR Services - Employee file**.
- *Manager and HR will be notified after payroll data check and approval.*
- **Note:** Site HRs in the **UK**, please fill out this [Termination Form](#) so the UK Payroll team can perform the termination action in the payroll system.

HOW TO MANAGE TERMINATION APPROVAL WORKFLOW AND CHANGE SEPARATION DETAILS IN MY HR SERVICES

As Site HR Partner, you will receive Termination approval workflows and see the approval requests in your email or directly on My HR Services main screen:

Example of email:

Approval request in My HR Services:

- Once you open the Approval request - click on the name of the Request on the left side to review the details of the request:
