

# CUSTOMS & TRADE REGIONS

The C&T Region's primary mission is to **secure all cross-border movements, with the highest level of compliance in alignment with customs and trade regulations**. As secondary missions, it contributes towards

- (1) **generating value for our group by boosting our businesses' trade lanes performance** and,
- to (2) **deploying border operational discipline and excellence**.

C&T regions can rely on strong governance and collaboration with all internal and external stakeholders.

Finally, our C&T regions can rely on data-driven decision aids and thought leadership for key decisions in the face of external trade disruptions and internal evolutions.
