KNOW MORE ABOUT GLOBAL TRADE

TOGETHER TOWARDS A NEW GLOBAL TRADE ERA.

Who we are

A worldwide SpecialtyCo organization with an operating model to navigate increasing trade obstacles, regulatory complexities and geopolitical tensions.

Comprised of lawyers, economists, chemical engineers, foreign trade graduates, among others academic background, with the highest expertise to manage trade operations & regulations, influence trade policies, facilitate and oversee cross-border movements.

Internal Stakeholders

International trade is at the core of SpecialtyCo operations. As a result, Global Trade interfaces proactively across the GBUs, with General Counsel, Finance, Procurement, R&I, Government Affairs, Strategy and other key functions to keep our goods moving.

External Stakeholders

We interface with customs brokers, governmental and nongovernmental agencies, external counsel, data providers, border and tax authorities and advisors keeping us up to date and agile in a dynamic trade compliance environment.

Our team

OUR MISSIONS

Zero non-compliance culture

- Implement General Counsel's Trade Compliance Policy
- Mitigate high non-compliance risks through upgraded compliance operating model

Operational continuity & excellence

- Frictionless cross-border movements for our customers and manufacturing sites
- Highest discipline applied to all imports & exports processes

Agility & resilience vs trade barriers

- Data-driven decision aid for upper management
- Against any disrupting geopolitical & environmental barriers
