

Performance Culture in My HR Services - MG

Performance Culture in My HR Services

INTRODUCTION

Since we are making many changes focused on automation, standardization and prioritization. The **deployment of Performance Culture in My HR Services** has come about through our goal of more automation and giving People Managers and teams the tools to do much more themselves such as employee and Manager self-service tools.

PERFORMANCE CULTURE APPROACH

Performance Culture Approach focuses on assuring organizational performance to drive higher business results, and leveraging effective behaviors that are further developed in regular discussions and development actions.

As a **manager** you have to better support individual team members in performance improvement via challenging / supportive / truthful / regular exchanges; **good understanding of skills and competencies** across the team and better leverage those in order to **boost team performance**.

PERFORMANCE ACTIVITIES DONE IN MY HR SERVICES
