Impact Assessment

The **Impact Assessment** tool was introduced to support:

- The evaluation of substance change impact on product classification and labeling;
- The change management on SDS in a quick and easy way for a large amount of products;

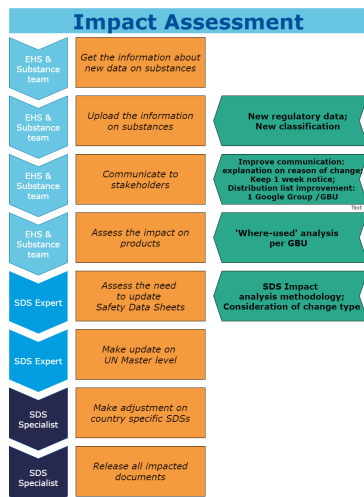

✔ Training Materials

>> Refer to the [training materials](#). **(broken link)**

The **guidance** consists of:

1. GHS UN Simulation rule performance description in SAP-EHS;
2. Guidelines for pre-defined manual steps in Excel report, pivot table creation according to final Impact Assessment template;
3. Impact Assessment excel template.
