

Generic SDS UN - (to be updated)

Template: SDS_UN

If no specific regulation exists in a country, Solvay commits in providing at least an SDS compliant with the latest revision of the GHS UN regulation, in English, Spanish or French, depending on the region.

This SDS template does not include any local parts.

Rules to be launched:

- GHS UN
- Hazard Comp UN
- Notification status (optional)

Regulations relevant for OEL disclosure in section 8: US ACGIH and Solvay SAEL values.

Regulations displayed for transport in section 14: ADR, RID, IMDG, IATA.

Such SDSs can be found on Sinequa portal under "SDS - International".

You can check which country uses the UN format using the following file:
