

FD - [iCARE] Pricing Campaign Notifications

1/ Manual CPC Notification

 Unable to locate Jira server for this macro. It may be due to Application Link configuration.

Price Admin user, on the Campaign can click on the button "Notify Users" in order to send an addition email notification for all remaining CPC Owner.

A confirmation box is displayed to identify the number of CPC that remains not reviewed before sending the notification..

The screenshot shows the iCARE Lightning interface. At the top, there is a navigation bar with "iCARE Lightning", "Home", "Chatter", "Accounts", "Contacts", and "Meeting". Below this is a header for a "Pricing Campaign" titled "Q4 2023 Halar Pricing Campaign". The owner is listed as "James Flock". A note says "To display price history please look at Transparency QlikSense Dashboard". A button labeled "Notify CPC Owners" is highlighted with a red box. Below this is a section for "Pricing Campaign CPC" with search filters for "Sold To (Account Name)", "Pricing Currency", and "Owner (Account Manag)". A modal dialog titled "Confirm Notifications" is open, displaying the text: "Clicking Next will send a reminder to all account managers with unreviewed CPCs. Currently, there are 5 CPCs awaiting review. Do you want to send the reminders now?" and a "Next" button.
