**Few words on General Purchasing Conditions**

The General Purchasing Conditions GPC (in other words: General Terms and Conditions GTC) have been updated and implemented in SAP on **October 13th, 2024 for APAC, EMEA, US and Canada.**

LATAM and Mexican GPC are still under review by the legal and insurance team.

### Syensqo Legal NDA Tool DIY NDA tool

NDAs are necessary and valuable tools. They allow us to advance important projects and collaborations while protecting Syensqo's confidential and proprietary information, by ensuring that information shared with partners can only be used for specific purposes.

However, NDAs can also be time consuming to draft, and your legal counsel may not always be available right away to help you. This is where our [DIY NDA tool](#) comes in.

Do you want to learn more about this new tool? Read the latest article shared by the Legal team [here!](#)

**Insurance Contractual Terms**  
**Insurance terms such as Responsibilities & Liabilities are key in our contracts.**

In the Corporate Insurance & Prevention team website, you will be able to find contact to support you on any questions related to insurance matters and well as relevant information.

In 2024, new guidelines has been provided by the Insurance & Prevention team for our contracts. Please follow the Web-based session available in YouGrow.

The legal team are responsible to update their contracts' template over time. The General Purchasing Conditions (GPC) attached to POs released by SAP has been updated for APAC, EMEA and NAM (except Mexico). For LATAM GPC, it is still under review.
