Syensqo Global Forum

Welcome to the website of the Syensqo Global Forum.

The objective of the Syensqo Global Forum is a two-way dialogue between the Group's top leadership and employee representatives from countries where Syensqo mainly operates. It is an opportunity for the top management to get

a direct perception of the social climate and to explain the Group Strategy directly to employee representatives.

The Syensqo Global Forum is a voluntary body and not regulated by any international or local legislation. It has a global role. The members do not only represent their own site or trade-union, but all Syensqo employees of their country or region.

Below is the list of members in the Syensqo Global Forum:
