

# Additive Manufacturing (AM)

Main AM Contact: [Chris Ward](#), Senior Application Development Scientist, Alpharetta, USA, [chris.ward@syensqo.com](mailto:chris.ward@syensqo.com)

APPLICATIONS & MATERIALS	THEORY, KNOWLEDGE, & MODELS	CAPABILITIES						
<p>Syensqo Additive Manufacturing (AM) efforts center mainly around three focuses: <b>developing/evaluating materials</b>, <b>printing custom internal jigs/fixtures/apparatuses/tools/equipment</b> in order to facilitate developmental efforts and customer satisfaction, and working directly with customers to potentially <b>print prototypes</b> (either in their desired material or from another material for demonstration purposes).</p>	<p>Introduction to AM</p> <p>(Basic Theory, Technologies, and Scope)</p> <p style="text-align: center;">blocked URL</p>	<table border="1"> <tr> <td data-bbox="1057 512 1195 846">Alpharetta (Atlanta), USA</td> <td data-bbox="1195 512 1500 846"> </td> </tr> <tr> <td data-bbox="1057 846 1195 1045">Brussels, Belgium</td> <td data-bbox="1195 846 1500 1045"> </td> </tr> <tr> <td data-bbox="1057 1045 1195 1104">Other Global Capabilities</td> <td data-bbox="1195 1045 1500 1104">blocked URL</td> </tr> </table>	Alpharetta (Atlanta), USA		Brussels, Belgium		Other Global Capabilities	blocked URL
