

4.3.2c - DiP-PP Dynamic Data

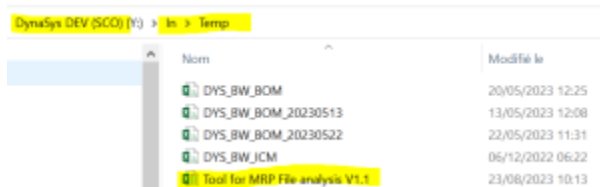

Focus on MRP files from MD04

A Tool for MRP File analysis is being built. It is an xls workbook based on WBP.

1) download the xls on your desktop

Not able to upload the xls file 😞

The last version is available on DEV SCO DH in directory \In\Temp

2) follow tab 'To Start'

⚠️ Have to look to coming changes and current actions : MRP FILES ANALYSIS : Corrections/Evolutions to perform

⚠️ Register new bugs/evolution : MRP File issues

Specifications

- the **red tabs** specify the selection rules applied from the extraction of the MRP Elements (MD04 transaction of ECC) to produce the DiP-PP dynamic data files.

- the **blue tabs** specify the mapping and calculation rules for each file.

*please refer to DyS DiP-PP Dynamic Data files - Specification
