

c. Customer Group BU

Customer Group BU is an aggregated level of Ship-to@BU master table :

Customer group BU is built with the following rule :

BU SCo	Customer Group BU
ENTRP00108	Customer_Sub_Group_GBU_Code + '_' + Mini_Zone_Code
ENTRP00198	Not used
ENTRP00197	
ENTRP00190	
ENTRP00206	Not used

This master data is built based on DYS_BW_STGBU file (from BW) + SOLDTO data (for Industrial Group).

Import mapping uses also DYS_BW_STGBU file to link Shipto*BU and Customer Group BU.
