

3.4 - Connections to Dscp

a. Non-Production environments

There are many ways to log on :

- directly from servers (access rights required)
- via Remote Desktop portal
- via Web address with restricted access to Dscp functionalities

Connections	DEV Syensqo	TEST Syensqo
Backend server	Connection to ASEW1DDSCPAPP01 server Then : <ul style="list-style-type: none"> • Shortcuts Dscp DP* Dev • Shortcuts Dscp DiP* Dev 	Connection to ASEW1TDSCPAPP01 server Then : <ul style="list-style-type: none"> • Shortcuts Dscp DP* Test • Shortcuts Dscp DiP* Test
Client server	Connection to ASEW1DDSCTSE01 server Then : <ul style="list-style-type: none"> • Shortcuts Dscp DP* Dev • Shortcuts Dscp DiP* Dev 	Connection to ASEW1TDSCTSE01 server Then : <ul style="list-style-type: none"> • Shortcuts Dscp DP* Test • Shortcuts Dscp DiP* Test
RD portal	DEV Syensqo portal	Test Syensqo portal
Web portal	DiP1_Dev_WebSite DiP3_Dev_WebSite DP1_Dev_WebSite DP2_Dev_WebSite DP3_Dev_WebSite	DiP1_Test_WebSite DiP3_Test_WebSite DP1_Test_WebSite DP2_Test_WebSite DP3_Test_WebSite

b. Production environments

Connections	PROD Syensqo
Backend server	Connection to APPS5 server Then : <ul style="list-style-type: none"> • Shortcuts Dscp DP* Prod • Shortcuts Dscp DiP* Prod
Client server	Connection to TSES5 server Then : <ul style="list-style-type: none"> • Shortcuts Dscp DP* Prod • Shortcuts Dscp DiP* Prod
RD portal	PROD SCo portal
Web portal	DiP1_Prod_WebSite DiP3_Prod_WebSite DP1_Prod_WebSite DP2_Prod_WebSite DP3_Prod_WebSite
