4 Add the new user to the DynaSys DiP1 user group

We use these groups in order to make announcements and to communicate. Therefore, by adding them to this group, they will receive information related to DiP1.

**** Since PO2 D1 this step has to be done by SCO team ****

**** Ask Laure Pichot-Plasse to add (or remove member) from SCo-\$DynaSysUsersDiP1 ****

> Go to your Google applications and look for "Groups"

> Search the group related to DynaSys DiP1 users and click on the logo "Add members"

> Input the new user's email and write a welcome message and make sure subscription = "each email", then press "Add members", down the screen
