1. Objective and Scope

This OP describes how to manage all requests concerning doubtful customers. All the stages of a doubtful customer process have special procedures and specific postings are described in this procedure. Depending on the situation of each invoice, different actions are to be taken in the SAP system.

This operating procedure (OP) applies to the Receivables of Solvay Companies Worldwide.

2. Definitions

- SBS: In the current document, "Solvay Business Services" will be replaced by its abbreviation "SBS".
- CCT AR: Customer Credit & Trade Accounts Receivable team
- CCT CM: Customer Credit & Trade Credit Management team
- OP: Operating procedure
- CAM: Country Account Manager
- PI1: Factoring ERP SAP system
- PF1: Local ERP SAP System
- WP1: Local ERP SAP System
- BA: Business area

3. Doubtful procedure

If, for some reason, there is a risk of not collecting the payment regarding a receivable, the contract must be converted into doubtful status. The decision of putting a contract in a doubtful status belongs to Credit Management team, who should send their request to AR mailbox to proceed as described in this OP.

Scope

ERP

[REQUEST FORM \(Doubtful-Provision-Write Off\)](#)

[Point of Contact GBU Controller](#)

Warning

Mandatory Requirements:

AR team will need to assure that the all requests follow the next requirements:

- Template received
- Exchange with business attached on the email content
- Check if the customer is factored from more than one company (if yes, we need to assure that Credit Manager is considering the customer globally)

AR team is only authorized to perform any posting regarding doubtful procedure when Credit Manager sends the attached template with all the information filled in [REQUEST FORM \(Doubtful-Provision-Write Off\)](#)

Warnings

In PI1 system there are some Business Areas with no Cost Center associated. The usual format of the cost centers in PI1 is "XND + 3 initial digits of the Business Area" (e.g. BA 7360 = CO XND736).

If you receive an error message because it is not inserting the Cost center, try to use this rule. In case it doesn't work it might be that the Cost Center does not exist. Please request the creation to RtR-DMR_Data_Management@solvay.com.

3.1 Customers assigned to Factoring

3.1.1 Convert an invoice into doubtful status and post provision

In order to convert a receivable to doubtful for a customer to Factoring, we should use transaction **Z3F_FA_Doubtful** in P11 and follow the steps below:

Select the **option "Doubtful and Provision"**, **add the customer**

account and execute .

Select the items to be converted to Doubtful and in case the items should be provisioned as well add the amount in column "Provision Amount".

In case there is no Provision to be booked leave the amount blank, or in case the provision is not for 100% add the amount to be provisioned provided by Credit Team.

 Document 7700004374 was posted in company code 0231

On customer account there are now the Doubtful items (DO documents with special GL indicator D) and respective provisions created (E1 documents with special GL indicator E).

Special GL indicator D = GL
account 2270000000

Special GL indicator E = GL
account 2271000000

Note that there was one document
(invoice 0270611109540) for which
there was no Provision created as the
amount was zero in the selection done.

3.1.2 Receive a payment for a doubtful document

Warnings

If a payment is received for a document which is settled with doubtful status, check the customer account to see if there is a provision created for it. If so the provision should be cancelled – follow the instruction in chapter 3.1.4. [Cancel a provision.](#)

Always confirm with CM if the payment can be applied, to which invoice(s) and attach the instructions.

Select the payment normally in **FEBA/ F-32** transactions and select the invoice to be cleared. In case the full amount is not paid use **FB05** to apply the partial or leave the Residual amount with document type DO and Special GL D.

Warning

A doubtful contract does not appear on the reconciliation screen in FEBA/F-32 and FB05 transactions. Therefore, the special G/L indicator should be inserted with "O" or "D" in order to select the invoice (s).

See example (payment already on account)

Since there will be a residual that should remain in Doubtful use **FB05** with **payment dates** (if not possible, use 1st day of the month)

Document type: DO **Cc:**0231

3.1.4 Cancel a provision

Warning

- The instructions to create and cancel a provision should be sent by the responsible Credit Manager.
- We should perform one cancellation of provision for each document
- The instructions with the request should be attached to the posting (automatically done by the transaction Excel, word, PDF accepted).

Transaction **Z3F_FA_DOUBTFUL**.

There are 3 options to cancel or reduce a provision, depending on the scenario.

- **Reduce Provision orig BFC flow** - To be used when it is necessary a correction, usually in the same period or in case the other 2 options are not applicable (transaction flow F25);
- **Reduce Provision by Write Off** - when the debt is considered unrecoverable and

- **Reduce Provision by Payment** - When customer pays the full amount or partially (Transaction flow F36), reduction should be equal to what was paid.

The screenshot shows the SAP File Explorer interface. On the left is a sidebar with navigation icons and a list of 'CoCode Customer' entries. The main window is titled 'Select File' and shows the 'Desktop' location. A list of files is displayed, with 'Doctboul' selected. At the bottom, there are fields for 'File name' and 'Files of type', and 'Open' and 'Cancel' buttons.

DO 6111000508 - Original Doubtful;

DO 6111000512 - Partial Payment;

E1 77000004371 - Original Provision;

E1 77000004374 - Provision Reduction;

Warning

- In case there is a request to apply a Payment and write off the remaining amount, the provision reduction must be done in two steps.

- First reduce the provision by Payment selecting the option  and adjusting the reduction to the amount that was paid.

- Then cancel the remaining Provision for the amount still provisioned by using the option

, attention to select the original provision line and cancel only the remaining amount:

3.1.5 Write-off

Warning

- The posting of write-off can only be done after instructions from the Credit Manager concerned
- The instructions with the request should be attached to the posting (automatically done by the transaction Excel, word, PDF accepted).
- The **write off should be done contract by contract**, do not select lines which are not related with the same contract. **After processing one contract go back and process the next one.**
Here the example of Doubtful "O" and compensation "I" of same contract selected.

Bad Debt WO

3.2 Customers not assigned to Factoring

Warnings

The cost centers should always be provided by CM in accordance to the GBU controller. However in here follows some guidance in order to find cost centers for PF1 and WP1.

For the **cost center** in **PF1**, we should check transaction [KS03 - Display cost center](#) or press directly the search button .

Choose "CHEF" and  Cost Center: *d*850 (3 first digits of the business area); Cost Center category: "R" ; and the respective company code.

Cost Ctr	COAr	CoCd	CCTC	Person Responsible	User Resp.	Short text	Language	Valid From	to
BPD850	CHEF	0005	R	X		DIV 50	EN	01.04.2003	31.12.9999

In case it doesn't work it might be that the Cost Center does not exist. Please request the creation to RtR-DMR_Data_Management@solvay.com.

For the **cost center field** for **WP1**, we can use the following file:

<https://drive.google.com/file/d/16RzNz-8c59O4iE6wyOu6qVuHz9iV9tIVpvCkPcatFPs/view>

In case of doubts or if you cannot find the cost center, please send an email to the IHB Accounting team in Lisbon (For example Adrienn Torok, Sonia Xavier, Sandra Barradas, Jose Carlos Nunes)

3.2.1 Convert an invoice into doubtful status

In order to convert a receivable to doubtful for a customer no assigned to Factoring, we should use transaction **Z1 F_DOUTBFUL** in PF1 or WP1 and follow the steps below:

Select the **option "Doubtful and Provision"** , **add the Customer account, the Company Code** and

execute .

Select the items to be converted to Doubtful and in case the items should be provisioned as well add the amount in column "Provision Amount".

In case there is no Provision to be booked leave the amount blank, or in case the provision is not for 100% add the amount to be provisioned provided by Credit Team.

Then press save .

It will ask you to attach the excel file with the **instructions provided by Credit Management** - it only accepts Excel format.

This will attach the justifications to all postings done.

The items selected will now appear in green.

And confirmation of the posting done.

 Document 5010029874 was posted in company code 0005

On customer account there are now the Doubtful items (documents with special GL indicator D) and respective provisions created (documents with special GL indicator E).

Special GL indicator D = GL account 2270000000 PF1 /41100300 WP1

Special GL indicator E = GL account 2271000000 PF1 / 49100400 WP1

Note that there was one document (93552434) for which there was no Provision created as the amount was zero in the selection done.

You can also see the attachment in all the postings.

3.2.2 Receive a payment for a doubtful document

Warning

If a payment is received for a document with doubtful status, the customer account must be checked to confirm if there is a provision created (document with Special GL indicator E). If there is a provision it should be cancelled – follow the instruction in chapter 3.2.4. [Cancel a provision](#).

Select the payment in F-32 transaction with the company code inserted and select the invoice to be cleared. In case of APAC companies the Doubtful posting must be reversed first using FBRA and afterwards the payment is applied with the original invoice as normal practice.

Warning

A doubtful document does not appear on the reconciliation screen in FEBA or in F-32 transactions. Therefore, the special G/L indicator should be inserted with "d" in order to select the invoice (s).

See example below:

3.2.3 Create a provision

Warning

- The instructions to create and cancel a provision should be sent by the responsible Credit Manager.
- We should perform one provision for each document
- The instructions with the request should be attached to the posting
- The business area should be provided by the Credit Manager or the cost center by the GBU controller. If you do not have the cost center, you can find the point of contact by GBU [here](#) to get the information.

Transaction **Z1F_DOUBTFUL**.

There is the possibility to create the Provision in case it was not immediately created in step "Doubtful and Provision" or to increase the provision amount if not fully provisioned.

To do so select the option **"Provision"**, add the **customer account**, the **company code** and process .

The screenshot shows the 'Doubtful Cockpit' options screen. Under the 'Options' section, the 'Provision' radio button is selected. Other options include 'Doubtful and Provision', 'Reduce Provision orig BFC flow', 'Reduce Provision by Write Off', 'Reduce Provision by Payment', and 'Bad Debt - Write Off'. The 'Selection criteria' section shows 'Company Code' as 0005 and 'Customer' as 603646. The 'Processing Options' section has 'Test Run' unchecked and 'Batch Input Mode' set to E.

This will show only the items that are already in Doubtful.

Select the item you want to provision

and press save .

The screenshot shows a table with columns: CoCode, Customer, Type, DocumentNo, Year, Item, Doc. Date, Posting Date, D/C, Amount, Cury, Assignment, Reference, Ref. Key 1, Contr. no., ProvAmount, CoCd, CoCd Busk. The table contains three rows of data for company code 0005 and customer 603646.

Remark: be careful with the amounts posted as provision to avoid having more amount provision than Doubtful.

Add the attachment.

The screenshot shows a 'Select File' dialog box in SAP. The 'Look in' dropdown is set to 'Desktop'. The file list shows several files, including '46130100'. The 'File name' field is empty, and the 'Files of type' dropdown is set to 'All Files (*.*)'.

The posting was done.

The screenshot shows the 'Doubtful Cockpit' confirmation screen. It displays a table with columns: CoCode, Customer, Type, DocumentNo, Fiscal Yr, Item, SGL Ind, Doc. Date, Posting Date, D/C Ind, Amount, Currency, Assignment, Reference, Ref. Key 1, Contr. no., ProvAmount. Below the table, a green checkmark icon and the text 'Document 5010029875 was posted in company code 0005' are visible.

3.2.4 Cancel a provision

Warnings

- The instructions to create and cancel a provision should be sent by the Credit Manager responsible.
- We should perform one cancellation of provision for each document
- The instructions with the request should be attached to the posting
- The business area should be provided by the Credit Manager or the cost center by the GBU controller. If you do not have the cost center, you can find the point of contact by GBU [here](#) to get the information.

Transaction **Z1F_DOUBTFUL**.

There are 3 options to cancel or reduce a provision, depending on the scenario.

- **Reduce Provision orig BFC flow** - To be used when it is necessary a correction, usually in the same period or in case the other 2 options are not applicable (transaction flow F25);
- **Reduce Provision by Write Off** - when the debt is considered unrecoverable and the account should be closed (Transaction flow F35), the full amount of provision must be cancelled:
- **Reduce Provision by Payment** - When customer pays the full amount or partially (Transaction flow F36), reduction should be equal to what was paid.

In any of the cases processing mode is the same.

Select the option according to the scenario, add the customer account and process .

Select the provision that should be cancelled or reduced (check if the amount is correct and) and press save .

Add the attachment.

The document was posted.

Here the the Original provision and Cancellation on account (Special GL ind. "E").

** Account: 603646

"E" 5010029872 - Original Provision;

"E" 5010029878 - Provision Reduction;

Warning

- In case there is a request to apply a Payment and write off the remaining amount, the provision reduction must be done in two steps.

- First reduce the provision by Payment selecting the option  and adjusting the reduction to the amount that was paid.

- Then cancel the remaining Provision for the amount still provisioned by using the option

, attention to select the original provision line and cancel only the remaining amount:

SAP

<

In the end the Provisions should match to zero and cleared in F-32:

Clear Customer Process open items									
		Distribute Difference		Editing Options		Cash Disc. Due		Create Dispute Case	
Standard Partial Pmt Res.Items WH Tax									
Account items 603646 PROCTER & GAMBLE INTL OPERATIONS SA									
Assignment	Reference	Reference K...	D..	Net due d...	Curr...	D...	Disco...	D P	EUR Gross
02700004832238	02706111010275	2000878979	E1	14.03.2018	EUR	0	0,000		65.999,53-
02700004832238	02706111010275	2000878979	E1	14.03.2018	EUR	0	0,000		1.000,00

- For **Rhodia Operations Cc ZER3** The cancellation of the provision (Flow F-35) should always be equal to the amount written off.
 - So if not fully provision it as to be provisioned and then cancelled;
 - If the provision is higher then the write off the cancellation has to be done in two steps, F-36 for the difference F-35 for the amount = write off;

3.2.5 Write-off

Warnings

- The posting of write-off can only be done after instructions from the Credit Manager concerned
- The instructions with the request should be attached to the posting
- The **write off should be done document by document (see the assignment)**, do not select lines which are not related with the same document. **After processing one document go back and process the next one.**
- If exceptionally it is necessary to select several documents and there is more than one Business Area/cost center, run the transaction **Z1F_DDOUBTFUL per Business Area**, do not Mix two Different BA/Cost centers in the same posting. Here below only 7250 BA is selected.
