

c. [TO UPDATE] GBR Material Group

For detailed information please refer to document: [ZBW_GBR - User Guide](#) tab '5.0 - GBU MAT GRP'

ZBW_GBR - GBU MATERIAL GROUPS DEFINITION & ASSIGNMENT

Authorization

This function is open to **Corporate and data-stewards**
It does not need special access rights

But as it loads data for the GBU, user should be granted to the GBU in BW

XLS file template

nb : first line of the file used only for HEADERS (not loaded)

key	Source code	BFC GBU code	Material code	GBU Material Group code	GBU Material Group name	GBU Material Sub-Group code	GBU Material Sub-Group name	Deletion flag
values	PF1_020 WP1_400	2 digits	as in SAP	GPBU2xxxxx		GPBU1xxxxx		X or null

This function manage in one shot : material link creation/update/delete, material group/subgroup creation, and material group/subgroup update

In case of material group creation, the system automatically assign the group code GPBUxxxxxx

Examples:

Source	GBU	Material	GBU group code	GBU group name	GBU subgroup code	GBR subgroup name	deletion flag	
WP1_400	CS	111111	GPBU201740	Group Name	GPBU108950	SubGroup Name	X	delete link for material 111111
WP1_400	CS	88888	GPBU201740	Group Name	GPBU108950	SubGroup Name		create/replace link for material 88888
WP1_400	CS	5555555		NEW GROUP		NEW SUB GROUP		create/replace the link for material 5555555 and create a new group (as no material group code)
WP1_400	CS	123456	GPBU201741	RENAME GROUP		NEW SUB GROUP		create/replace the link for material 123456 and rename group GPBU201741 (as material group code+name)

Where could I find it in the ANALYTICS dashboard ?

Warning : in ANALYTICS dashboard, codes are not available for GBR data, only texts can be used.

GBU-Material-Groups & sub-groups are not available on the top of the dashboard, but only on the left bar used in "My Report", in the box where all GBU data are managed
