>> To have line break in a field in MSP, use the character ";" in the field in Core CRM

Restrict Products for specific Accounts

1. Log in to Core CRM
2. Go to the App Launcher and search for [Customer Product Association](#)
3. Click New to create a new record
4. Fill in the Account(s) and Product you wish to be **only available** for that Account or Accounts (Corporate Group)

Important Notes:

- This will restrict the Product to those specific Account(s) in all MSP
- Only Aude Trepier has the right accesses to manage this products

The screenshot illustrates the process of creating a new Customer Product Association in the CRM system. It is divided into four numbered steps:

- Step 1:** The 'App Launcher' on the left sidebar shows a search for 'Customer Product Association'. The app is highlighted with a green box and a green arrow points to the next step.
- Step 2:** The 'New Customer Product Association' form is displayed. The 'New' button in the top right corner is highlighted with a green box.
- Step 3:** The 'Information' section of the form is shown. The 'Customer Product Association Name' field is highlighted with a green box. Below it, the 'Account' and 'Product' search fields are also highlighted with green boxes.
- Step 4:** The bottom of the form shows the 'Save' button, which is highlighted with a green box.

The form includes a 'Record ID' field, a 'Record ID' dropdown, and a 'Record ID' input field. The 'Account' and 'Product' search fields are labeled 'Search Accounts...' and 'Search Products...' respectively. The 'Save' button is labeled 'Save'.
