

# Problem Management

## Objective 🎯

The purpose of the problem management practice is **to reduce the likelihood and impact of incidents** by identifying actual and potential causes of incidents and managing workarounds and known errors (with sometimes a removal)

## Scope 🌐

It covers the **entire problem lifecycle**—from **qualification** to **resolution and closure**—ensuring continuous service improvement and engaging all relevant stakeholders, including **users, suppliers, IT, and GBS**.

## Main activities 📋

## Main roles & responsibilities 🧑🏫

## Useful contacts

 **Excellence Lead:** Matthias Sielaff

 **Problem Process Leader:** To be completed by the new team
