

Project Achievements and Delivered Value

Together, we are here to propel Syensqo forward. Below, you will find some achievements and an overview of what we accomplished in the past year.

The IT department is **supporting the business across various areas**. Below, you will find a recap of the **2024 achievements** and **specific successful initiatives** undertaken in different domains.

Please note that this is **not an exhaustive list**, and not all achievements are included here.

If you **would like your achievement to be featured**, please feel free to **reach out to**:

- Simon Mertens
- Mégane Junqueira

Under need you can find the link to different information sources of what we have achieved and the value generated:
