

# Renaming of data (to be defined/not released)

## Definition

The data available to users in SyDatalab comes from the Data Ocean. It might be complex and not user-friendly, for example, names may be meaningless to the business, or values may contain too many decimals. We have developed a solution for administrators to simplify this data, making it more understandable for users.

## Jira Issue

 [LB-5293](#) - Jira project doesn't exist or you don't have permission to view it.

## Scenario

- **Given** xxx
- **When** xxx
- **Then** xxx

## Future improvements
