Training Process

Create a session

To request a new session on ISSP:

<http://issp.solvay.com/issp/training/training.do>

Join a session (for the user)

To join an existing session:

<http://issp.solvay.com/issp/training/session/list.do>

- to look for the BW Analysis course fill in the right handside fields with the following information.

A screenshot of a web form for searching training sessions. The form contains several dropdown menus: 'All zones / countries', '[BW] Business Warehouse', 'AS Techno - Technology', 'IT', 'All trainers', and 'Open'. Below these dropdowns are two buttons: 'Search' and 'Reset'.

then click the search button

- You will get a list of the forecasted sessions.

Note: the user can request a new session on ISSP :

<http://issp.solvay.com/issp/training/course/list.do>

Before training

1. Check that the users have a BW account.
2. Check if needed that all training accounts are OK (passwords).
3. Send a google invitation (google agenda) to users(below an example), at least 2 worked days before the session:

Fastviewer session will be provided 10 minutes before
Phone numbers:

insert the list

Please ensure that :

- 1) the Analysis tool is installed on your computer (you should find the folder "Start / All programs / SAP Business Intelligence")
- 2) you already have an active BW account on BW Production server WBP or PQ1 (if not, please open a Freshdesk ticket to have your BW account created/reactivated)

Regards
BW Support Team

After training

1. Go to ISSP, Check attendees and Send them the e-survey

Session attendees

Slots taken: 1/5
Attendees:

Status

Approval

Attendance

Thomas Gillmann

Attending

Generate e-survey link

Send e-survey

2. Send them a mail about documentation, asap after a session

Example :

Dear all

Thanks for your participation to the SAP Analysis for Microsoft Excel training session.

Please find :

- 1) Training documentation about the tool
[Analysis User Guide](#)
- 2) The most common errors (and the way to solve it by yourself!)
[BW Analysis Troubleshooting page](#)

Please remind that for any request/question/wish, please contact us by Freshdesk Application:

<https://sbs-support.solvay.com/helpdesk/tickets/new>

BW training account

Quality Server : WBQ

Client : 400

Account	Password
TRAINANA01	Analysis092019

Password has been updated on 2019 June 11, so next change will be in 59 days.

Password

You will be requested to change the password after 59 days, so please keep this page up to date.
